Punjab Unveils Massive Rs5.4 Trillion Tax-Free Budget

LAHORE: The Punjab government on Thursday unveiled a budget with a total outlay of Rs5.4 trillion, terming it a first tax-free budget of the incumbent government.

Punjab Finance Minister Mujtaba Shuja-ur-Rehman presented the budgetary proposals, saying no new tax has been levied in budget for next fiscal year, reported Radio Pakistan.

He said revenue collection will be increased by 50% through other means and the next Annual Development Programme will be of Rs842 billion.

He said as many as 77 new mega projects will be part of the ADP, while the revenue target for next fiscal year set at Rs960 billion.

The Punjab finance minister said minimum wages were enhanced from 32,000 to 37,000 in the budget and the salaries of government employees will be increased by up to 25%.

He said Minority Development Fund has been increased by Rs1 billion for first time and Rs6 billion were earmarked for laptop scheme while Rs5 billion for the Pakistan Kidney and Liver Transplant Institute Endowment Fund.

He said inflation rate has been brought down to 11.8% and significant reductions are being made in government expenditures. The provincial minister said revolutionary measures were being taken in the health sector in Punjab, and free Wi-Fi facilities have been provided at several locations in Punjab.

The Punjab finance minister said that solar panels will be provided to electricity consumers using hundred units and easy loans will be provided to those building houses up to five marlas.

Earlier, Punjab cabinet approved the tax-free budget for next fiscal year at a meeting presided over by Chief Minister Maryam Nawaz in Lahore today.

Addressing the meeting, the CM said all out efforts will be made for fulfillment of our promises made with the people.—RT/Agency

FM Aurangzeb Sets Sights On 13% Tax-To-GDP Ratio By 2027

ISLAMABAD: Reiterating the pressing need for reforms and broadening of the tax base, Federal Minister for Finance and Revenue, Senator Muhammad Aurangzeb asserted on Thursday that a tax-to-GDP ratio below 10 per cent was not sustainable.

"We have to take it up to 13 per cent in the next three years gradually," the minister said while addressing the post-budget press conference in Islamabad.

He added that, according to international benchmarks, no country could sustain a 9.5 per cent tax-to-GDP ratio without external assistance. Hence, there is a dire need to enhance the tax-to-GDP ratio, he added.

He also underscored the importance of eliminating the undocumented economy with end-to-end digitalisation to reduce human intervention as much as possible, make the tax mechanism transparent, and mitigate the chances of corruption.

The minister admitted that the Federal Board of Revenue (FBR) had not achieved the level of compliance, and enforcement it should have.

He said that the government had introduced progressive taxes in the federal budget for the upcoming fiscal year 2024-25 to tax more those with high incomes.

He stated that the country needed to move towards broadening the tax base to make the economy sustain-

able. He said the registration would continue, and tax would also be imposed from July 2024. "We have no other option but to get this sector into the tax net," he remarked.

The minister said that the Point of Sale (PoS) scheme would be re-launched to eliminate cash transactions. In response to a question about the Petroleum Development Levy (PDL), he said it would be increased gradually in accordance with international oil prices.

The minister said that the exemptions and the 35% category of salary slabs were intact, adding that there were changes in other slabs.

The government increased the tax for non-salaried individuals up to 45 per cent, he added.

The minister said that, in terms of youth development, Pakistan had the third-largest freelancer population in the world.

Hence, keeping this real-

ity in view, the government had provided record allocations for the Information and Technology sector to improve digital infrastructure and provide the youth with an enabling environment.

He said the country's IT exports stood at \$3.5 billion, which could be increased to \$7 billion provided an enabling environment was given to the youth.

He added that proper financing was not provided to SMEs because banks had no appetite for them and assured that banks would now come up with specific schemes in three sectors, including agriculture, IT, and SMEs. Talking about PSDP priorities, the minister said the government had focused on completing ongoing projects, allocating 81 per cent of funds for these schemes, while only 19 per cent was allocated for new schemes, which included important projects and those with foreign funding.—RT/Agency

PM Shehbaz Sparks Political Resolution Talks In High-Stakes Meeting With Fazl

ISLAMABAD: Prime Minister Shehbaz Sharif has proposed forming a committee for finding solutions political issues through collaboration in meeting with Jamiat Ulama-Islam Fazl (JUI-F) chief Maulana Fazlur Rehman in Islamabad.

The visit comes as the prime minister expedites his efforts to win back Maulana's trust, inviting him to join the ruling coalition.

Fazl, on the other hand, continues to refute the results of the February 8 general elections after his party faced defeat, terming the polls "rigged".

According to a statement released by the PM's Office on Thursday, the premier visited Maulana's residence to inquire about his well being.

In his meeting with the JUI-F chief, PM Shehbaz acknowledged the veteran politician's role in promot-

ing peaceful struggle to protect democratic values as well as appreciated his religious services for the nation. Addressing a presser in Multan last month, the politician, whose party has remained a traditional ally of the PML-N but didn't join the government this time around, said that the country would constantly move towards "slavery" if the nation didn't protect the votes.

Since his defeat in the polls, the JUI-F chief has also softened his stance towards Pakistan Tehreek-e-Insaf (PTI), stating that he doesn't have any personal enmity with the Imran Khan-founded party. Maulana Fazl has also spoke about negotiations with the PTI and encouraged an environment for talks. Khyber Pakhtunkhwa (KP) Chief Minister Ali Amin Gandapur, who is also PTI's president in the province, said that the party should benefit from Maulana Fazl's "experience".—RT/Agency

Budget 2024: PPP Stands Firm On Demands, Refuses To Back Down

ISLAMABAD: Pakistan People's Party has decided not to compromise on its budget 2024-25 demands, media reported citing sources.

According to sources, PPP has been in talks with the government to resolve the issue, but the negotiations have not yielded any results.

The party chairman Bilawal Bhutto Zardari, has given the negotiating team full authority regarding talks

with the government, sources added.

Sources said that PPP is disappointed with the government's attitude and feels that it has not stood by its commitments.

Hereby, the party has decided to adopt a confrontational approach and will no longer tolerate the government's "non-serious" attitude, sources added. PPP may consider boycotting the budget session and voting on the budget.—RT/Agency

Atta Tarar Optimistic As Economic Indicators Signal Strong Economic Recovery

ISLAMABAD: Federal Minister for Information and Broadcasting Attaullah Tarar asserted that inflation rate was decreasing gradually and all the economic indicators were indicating that economy was improving.

Addressing a press conference, Atta Tarar stated that country's economic indicators were improving during their incumbent government. He insisted that last years were hard when Pakistan was near to default.

Federal minister claimed that Pakistan will rank among the top economies of the world one day. He added that the developed countries were acknowledging the progress of Pakistan. He said there has been record reduction in inflation and the foreign exchange reserves were enough for two months' worth of imports. He stressed that provi-

sion of IT skills were crucial for young people as 68 per cent of population comprised of youth. He acknowledged that youth workforce was in-demand in IT, minerals and other sectors. Atta Tarar affirmed that government has been taking effective measure to provide resources to youth. Federal minister insisted that government's main focus was education. He also highlighted the performance of PM Shehbaz, provision of laptops to students during his tenure as Punjab chief

minister. Information minister also underscored the importance of PM's recent visit to China. He disclosed that a framework agreement was signed with notable tech company of China which will provide IT training to 0.2 million children every year. Atta Tarar added that agreements with the world's top firms were also being initiated. He revealed that smart board will be installed in the schools of Islamabad and IT trainings will be provided in schools.—RT/Agency

Security Agencies Stop TTP's Attempt To Establish Bases In Balochistan

ISLAMABAD: After expressing the commitment to wipe out terrorism from every part of the state, law enforcement agencies conducted an intelligence-based operation (IBO) Thursday foiling the bids of Tehreek-e-Taliban Pakistan (TTP) to set up offices in Balochistan, the Counterterrorism Department (CTD) said.

During the successful operation, the intelligence agencies also detained several dangerous terrorists, including those involving high-value and most wanted targets, the CTD officials stated.

Authorities revealed that among those captured include the notorious and most wanted commander of the TTP Khawarij's Shura.

According to the preliminary investigation by the agencies, the arrested terrorists have been involved in several activities against Pakistan, alongside having linkages with domestic and international terrorists.

The CTD expected that crucial information

would be obtained about the secret activities of such networks within the country, as law enforcers continue to investigate the arrested people.

The successive operation shows the resolve of Pakistani law enforcement agencies to detain high-value targets and foil their ill attempts against the state.

The operation also highlights the professional capabilities and skills of the law enforcement agencies of Pakistan and their commitment to peace.

The country has been seeing a surge in terrorist attacks, resulting in the deaths of several civilians and law enforcement officials.

Shibli Faraz Slams Government Over Anti-People Budget

ISLAMABAD: Opposition Leader in the Senate Shibli Faraz on Thursday lashed out at the federal government for presenting an anti-people budget.

Speaking on the floor of Senate a day after the government announced its budget, Faraz emphasised that the PTI was the biggest of all political parties in the country and it deemed this an anti-people budget.

He contended that there was a clear divide between the man in the street and the elite.

During his speech, he took potshot at the PPP and the PML-N by describing them as representatives of the ruling elite. He lamented the taxes imposed on the salaried class and also criticising the government for im-

IHC Orders Sessions Court: Decide Sentence Suspension In Iddat Case Within 10 Days

ISLAMABAD: The Islamabad High Court (IHC) Thursday directed a district and sessions court to decide the pleas seeking the suspension of the sentence of former prime minister Imran Khan and his wife Bushra Bibi in the iddat case in 10 days.

The IHC further ordered the court to decide on the pleas challenging the conviction of couple in the said case in one month.

The development comes as Justice Miangul Hassan Aurangzeb heard multiple pleas filed by Khan and Bushra.

In his petition, Khan had sought the announcement of the district and sessions court's reserved verdict and had further requested the high court to hear the appeals in the said case.

Meanwhile, Bushra had sought for a decision on her plea filed in the sessions court seeking sentence suspension.

Last week, the former first lady had also moved the IHC seeking suspension of her sentence in the iddat case.

It is to be noted that in January, Khawar Maneka, the Bushra's ex-husband, had challenged the couple's mar-

riage and had termed their nikah as fraudulent, stressing that the marriage was solemnised during her iddat (the time a woman goes into isolation after a divorce or her husband's death).

A trial court had then handed down a seven-year sentence to the couple in February and imposed a fine of Rs500,000 each on the duo.

Khan and Bushra had then filed various appeals including the ones against their conviction and those seeking suspension of their sentences.

Judge Shaukrul Arjumand had reserved the verdict on their appeals challenging their conviction on May 23.

However, in light of Maneka's repeated expression of no-confidence, the IHC, on Judge Arjumand's request, had then transferred

the case to the court of Additional District and Sessions Judge Muhammad Afzal Majoka.

During the hearing at the IHC today, the Pakistan Tehreek-e-Insaf's (PTI) Khan's lawyer Salman Akram Raja sought the announcement of the verdict reserved by Judge Arjumand.

The lawyer urged the IHC to either hear the appeals itself or transfer them to the additional sessions judge West.

He said that the court should set a time for the session court to decide the appeals. Meanwhile, Maneka's counsel Rizwan Abbasi opposed the transfer of appeals to a sessions judge and contended that the court's administrative orders can neither be directly challenged nor indirectly.—RT/Agency

Commissioner Fayaz Hussain Abbasi Leads Intensive Review Of Eid-ul-Azha Arrangements In Sukkur Division

By Absar Alvi

SUKKUR: During Eid-ul-Azha, strict action will be taken against unauthorized slaughter of sacrificial animals in Sukkur District. A complete ban has been imposed on establishing makeshift cattle markets without permission letters in place.

During the Eid-ul-Azha period, special arrangements have been made for cleanliness in the city, smooth flow of traffic, and provision of clean water for ablution. These concerns were expressed by Commissioner Sukkur Fayaz Hussain Abbasi while chairing a meeting to review arrangements for the Eid-ul-Azha. Deputy Commissioners of Khairpur and Ghotki districts, along with representatives from various departments including the Deputy Commissioner Sukkur, local government, police, health, transport, municipal, livestock, and other relevant agencies, participated in the meeting. The Commissioner

Sukkur directed strict enforcement of Deputy Commissioners for livestock slaughter during Eid-ul-Azha.

It was emphasized that concerned organizations must obtain permission letters from the district administration before establishing makeshift cattle markets, and no permission will be granted for setting up camps or loud-speaker installations for slaughtering animals. Police and other law enforcement agencies have been instructed to ensure security arrangements to prevent possible terrorism during Eid-ul-Azha. Special arrangements have been made for the protection of mosques, imambargahs, and public places.

The Commissioner of Sukkur Division directed Municipal Committees and Town Committees to ensure proper disposal of waste and cleanliness after the sacrificial slaughter to avoid any health hazards. Commissioner Sukkur Fayaz Hussain Abbasi instructed that no unauthorized makeshift cattle

markets should be allowed to operate, and no roads should be blocked without permission, as it affects traffic flow. Special efforts are being made by the police to prevent such actions.

The Commissioner Sukkur directed the Livestock Officer to maintain records of sacrificial animals and ensure vaccination to prevent various diseases. It was emphasized that obtaining permission letters from the market committees is essential for setting up camps for animal sales.

The Regional Transport Secretary was directed to take strict action against drivers charging excessive fares from passengers during this time, and the Municipal Commissioner Sukkur was also instructed to start cleanliness campaigns and drain cleaning in public parks and nullahs. Furthermore, a meeting was held to brief the district officials of Sukkur, Khairpur and Ghotki about the arrangements for sacrificial slaughter during Eid-ul-Azha.

Pak Army, MERF, And Health Dept Organize Massive Free Medical Camp In Keti Bandar

By Sajid Ali Janyaro

KETI BANDAR: The collaboration between the Pak Army, the Health Department Thatta and MERF Thatta in organizing a one-day free medical camp in Keti Bandar is a commendable effort to address the healthcare needs of the local population. The camp provided essential medical services to residents who often lack access to such facilities. The presence of dedicated healthcare professionals, including dermatologists, and access to clean water,

and women's health specialists, and pediatricians, ensured that patients received comprehensive care.

Their commitment and hard work were evident in the thorough examinations and appropriate treatments provided to patients suffering from various ailments. Major Sajid Bughyo, Captain Zeeshan Arain, and Dr. Suleman Shah ensured the efficient operation of the medical camp.

His address to the media underscored the urgent need for improvements in these areas to enhance the quality of life for the local population. The supervision of the camp by Major Abdullah, Major Sajid Bughyo, Captain Zeeshan Arain, and Dr. Suleman Shah ensured the efficient operation of the medical camp.

Their coordination and management ensured that patients received not only medical attention but also free medicines and diagnostic services.

This initiative reflects the Pak Army's commitment to the welfare of the nation's citizens beyond its traditional role in defense. By directly engaging with communities and addressing their healthcare needs, the Pak Army demonstrates its dedication to improving the overall well-being of the population and bridging gaps in healthcare accessibility.

These actions were taken in compliance with the directives of the Deputy Commissioner and will continue as part of daily operations.

Thatta's Civil Society Outraged By Rampant Cutting Of Mangroves

By Khuda Bux Brohi

THATTA: The destruction of mangrove trees along Pakistan's coastline, which are crucially planted by the Environmental Department, Forest officials and NGOs, continues despite their importance in enhancing the environment and serving as a natural defense against tsunamis and cyclones. They also provide vital habitats for aquatic life. Despite public outcry, illegal chopping of mangroves persists, with allegations suggesting complicity of some officials, which undermines efforts to protect these essential ecosystems.

In an attempt to strengthen mangrove forests, environmentalists, civil society activists, and representatives from growers' organizations gathered on Khedewari Island along the Keti Bunder coastline. On July 15, 2009, they set a Guinness World Record by planting 451,176 'Rhizophora mucronata' mangrove saplings in a single day.

The Sindh Forest Department has continued these efforts, aiming to surpass previous records. Notably, on April 19, 2018, they set another record by planting 1,129,294 saplings in a day along the Sindh coast, in collaboration with the National Bank. However, ongoing deforestation by influential figures poses a risk to these achievements. Civil society groups have strongly condemned these actions and are urging authorities to intervene and safeguard the mangrove forests. The continued destruction poses significant environmental threats and undermines collective efforts to protect and restore these vital coastal ecosystems.

Sindh Unveils World's Largest Solar Power Projects

KARACHI: Sindh Provincial Energy Minister Syed Nasir Shah participated in the signing ceremony of the Memorandum of Understanding between the Department of Energy and Go Energy Pvt Limited for the 550 MW floating solar energy project on Kenjar Lake.

Secretary Energy Mossadiq Ahmed Khan, CEO-STDC Salim Shaikh, CEO-Go Green Amar Ali Talat and Director K-Electric Haris Siddiqui were also present. Syed Nasir Shah said that Go Energy Private Limited is making this project with the cooperation of STDC, Sindh Energy Department and Sindh Irrigation Department. STDC Kenjar Lake Power Project will lay a 220 kv transmission line of about 60 km to K-Electric grid station Dhajhi Karachi. Shah said that K-Electric is the off-taker of the 500MW floating power project for which K-Electric has provided Letter of Intent (LOI) and Energy Department has also provided a Letter of Intent (LOI). He said that this project is environmentally friendly as it will help prevent water evaporation and will be beneficial for aquatic life. He added that project will also benefit land conservation and this project is environment friendly which will promote green energy in Sindh and provide source of affordable electricity. He added that this project

will boost the economy of Sindh province by creating jobs. Shah said that, Government of Sindh is determined and trying hard to utilize these renewable resources at a faster pace and our effort is to reduce the overall basket tariff of NEPRA and make it more affordable electricity for the common people of the country. Apart from tariff reduction, renewable energy will also contribute to the achievement of sustainable development goals to create a clean, reliable and sustainable environment and we hope to complete the project by the end of 2026.

Secretary Energy Mossadiq Ahmed Khan said that on the special directives of Minister Energy, work is underway on several projects to provide cheap and free electricity to the people. He added that mini-grid stations will be set up at the district level to provide affordable and environment-friendly electricity to the remote areas of Sindh. The Secretary Energy

Shopkeeper Fatally Shot While Resisting Robbery

By Asif Qureshi

KARACHI: In a tragic incident early this morning, Baqir Ali, a shopkeeper, was shot dead by armed robbers in the Shah Latif Police Station area near Hamal Goch. The fatal encounter occurred around 7:00 AM when the assailants, riding motorcycles, targeted Baqir Ali's milk shop. Eyewitnesses reported

that the robbers demanded money and other valuables. However, when Baqir Ali resisted, they opened fire, killing him instantly. After the shooting, the robbers fired additional shots into the air to dissuade any pursuit and then fled the scene. The police have launched an investigation, focusing on gathering evidence and reviewing nearby CCTV footage to identify and apprehend the culprits. Despite the urgency of the situation, no case has been registered as of the last update. This incident has sparked fear and outrage among the local community, highlighting the growing concern over safety and security in the area. Residents are calling for increased police patrols and more stringent measures to curb the rising crime rate.

Deputy Mayor Declares Shocking Toll Tax Hike On Karachi Roads To Boost KMC Revenue

KARACHI: Deputy Mayor Salman Abdullah Murad on Thursday said the toll tax is being imposed so that the Karachi Metropolitan Corporation (KMC) could stand on its own feet to serve the metropolis.

Speaking on media, Abdullah said the toll tax on roads under the KMC jurisdiction would be charged through the Sindh Excise Department. While responding to a question, he shared that work on thoroughfares within the KMC's limit was in progress in order to provide convenience to commuters. In a meeting on Tuesday, the City Council approved the toll tax collection in collaboration with the Sindh Excise and Taxation Department from vehicles using the roads and bridges of Karachi.

The forum approved the new tax on a demand made through a resolution presented by Irshad Ali Advocate and Dil Muhammad. Addressing a press conference after the session, Karachi Mayor Muraza Wahab had said many institutions, including the National Highway, collected the toll tax, but no one gave tax in Karachi. Meanwhile, Abdullah said the local government had taken all the towns on board for lifting of offal on Eid ul Adha. He urged the citizens not to throw offal on roads. "We will try that all of us collectively work for the city's cleanliness," he said.—RT

PTI's Central Secretariat In Islamabad Liberated From Seals

ISLAMABAD: The Central Secretariat of Pakistan Tehreek-e-Insaf (PTI) was reopened on Thursday following Islamabad High Court (IHC) orders.

IHC Justice Aijaz Ishaq handed over the orders for de-sealing PTI's central secretariat to the court bailiff during a hearing of contempt of court. The IHC over a week ago had ordered the Capital Development Authority (CDA) to immediately de-seal PTI's central secretariat in the federal capital. Accepting the PTI's plea, the court noted that the authority had not issued any notice prior to the order to seal the party's secretariat. It added that the CDA had neither sent the order to seal the office to the party, nor its copy.

The CDA had partly demolished the secretariat before sealing it on May 24, saying it had been built in violation of the building bylaw. As part of an anti-encroachment operation, a portion of the PTI headquarters was demolished, while the political party's office was sealed, earlier this month. As per the CDA officials' statement, a large-scale encroachment was established by occupying land adjacent to the plot. Despite several warnings and notices, including ones issued on November 19, 2020, February 22, 2021, June 14, 2022, and September 4, 2023, the violations were not addressed, while on May 10, 2024, the CDA issued orders to seal the plot, the CDA spokesperson added.—RT/Agency

Aimal Wali Slams Budget As Disconnected From People's Input

PESHAWAR: Lambasting the federal government, Awami National Party (ANP) President Aimal Wali Khan on Thursday said the budget showed that it was not prepared by the people's representatives.

In a statement, he said the budget reflects that it was prepared on the IMF (International Monetary Fund) dictates. "There is no relief for common man [in the budget]," he added. "The country has been put in the grip of taxes. Tax the life and death, and even the birth of a child. Tax the people for breathing," said fuming Aimal. This is not a budget document, it is a tax document, he continued. The ANP president suggested that all privileges of

senators and parliamentary leaders should be abolished. "Our ministers do not need salaries and perks. We are here only to serve the people." Civil bureaucracy in Pakistan is leading a lavish life while we do not have funds to pay pension, Aimal stated. He "strongly condemned" cancellation of passports of those who sought political asylum.—RT/Agency

Altaf Shakoor Slams Federal Budget For Favoring Lenders Over Citizens

KARACHI: Pasban Democratic Party (PDP) Chairman Altaf Shakoor criticized the federal budget on Friday, labeling it as "a budget of the lenders, by the lenders, for the lenders." He argued that the budget reflects a nation ensnared in debt, prepared under the influence of the International Monetary Fund (IMF) and presented by a finance minister from abroad. Shakoor asserted that the budget serves the elite at the expense of the poor, offering lavish subsidies to entities like Karachi Electric (KE) while neglecting essential food subsidies. He high-

lighted that over half of the budget would go to lenders, with the government needing to borrow an additional Rs9000 billion to bridge the deficit, further tightening the debt trap. He noted that only government employees might find some relief, while private sector workers and laborers face increased inflation and poverty. Shakoor called for a budget overhaul to focus on job creation, food production, and local industry development, rejecting what he termed an "anti-people and pro-IMF budget."—RT

Salaried Class Squeezed By Federal Budget, Says Muzammil Aslam

His country's military, the IDF, has bombarded the entire Gaza Strip turning homes into rubble. Without abiding to the Law of War, the IDF has ruthlessly targeted hospitals, refugee camps, schools, residential

blocks, aid trucks, journalists, doctors, humanitarian relief workers, women, children, the disabled, the elderly and new-born babies. With an insurmountable amount of evidence/footage to back up these charges and despite a total of 153 countries (UNGA) voting in favour of a ceasefire in Israel's war on Gaza, Benjamin Netanyahu continues to lead the total destruction and extermination of the people of Gaza through the IDF, seemingly unafraid. Netanyahu's response to the Hamas-led attack/kidnapping on the 7th of October was the implementation of the 'total blockade' of the Gaza Strip - blocking the entry of food, water, medicine, fuel and electricity - which would only be lifted by Israel if the hostages abducted by Hamas are returned. A collective punishment of this scale is a war crime of itself constituting a humanitarian crisis of the Gazan people and since then, the death toll in Gaza has passed 37,000 people in only 8 months - while there have been a reported 204 hostages held by Hamas. Amnesty International has described this measure as having been 'taken to punish civilians in Gaza for the actions of Palestinian armed groups' with Israel also having mass detention cells of Palestinian people akin to the holocaust of Nazi Germany. There is an estimated 2.2 million people in Gaza currently experiencing food insecurity at emergency levels - the continued blockade has led to famine type conditions with catastrophic hunger/malnutrition. Airstrikes have destroyed food infrastructure such as bakeries, mills and food stores. Direct attacks on telecommunication infrastructure by Israel has rendered Gaza with a near-collapse cell network. Scarcity of essential supplies and blockade of aid has triggered lack of sanitation and deadly infectious diseases. Shortage of fuel has meant no electricity crippling its people. Horrifically enough, when Israel allowed partial humanitarian aid to pass through into Gaza, the IDF soldiers pretended to be humanitarian aid workers and doctors, killing the Palestinian people within hospitals and on the streets. Ethnic cleansing, cultural genocide, forcible population displacement or the extermination of Palestinians - Benjamin Netanyahu is guilty of all. His legacy is being a war criminal. A man running on borrowed time with an eternity to pay for his crimes.

Unchecked authoritarianism masquerading as legal rectitude

The recent rearrest of anchorperson Imran Riaz Khan is not just another legal proceeding; it's a stark reminder of the precarious state of press freedom and judicial integrity in Pakistan. Imran Riaz, known for his outspokenness and journalistic pursuits, was apprehended under contentious circumstances, further complicating a narrative already marred by accusations and legal maneuvering.

Riaz's latest detention, reportedly on charges related to financial impropriety, comes amidst a backdrop of prior legal battles and a purported abduction saga, casting shadows over the legitimacy of the charges and the motivations behind his repeated incarcerations. His arrest at the Allama Iqbal International Airport, clad in religious attire as he prepared for Hajj, evoked public outcry and drew widespread condemnation on social media—an image that not

only resonates with the violation of personal dignity but also underscores the brazenness of the authorities.

What is particularly alarming is the silence echo-

ing from our nation's institutions, notably the judiciary, which stands as the bulwark of justice and safeguard against abuse of power. The judiciary's role in upholding constitutional rights, including freedom of speech and due process, is now under scrutiny as Imran Riaz's legal battles continue to unfold without clear resolution or adherence to fair trial standards.

Pakistan, as a nation, stands at a crossroads where the protection of individual liberties and the integrity of its legal framework must not be compromised for

expediency or political expediency. The recurring cycle of arrests, legal battles, and subsequent releases underscores a troubling trend that erodes public trust in the rule of law and jeopardizes the fundamental freedoms enshrined in our constitution.

The case of Imran Riaz Khan demands urgent attention from all stakeholders concerned with justice and democratic principles. The arbitrary use of legal tools to silence dissent or settle personal scores cannot be tolerated in a society aspiring for democratic maturity. As citizens, we must collectively raise our voices against such abuses and demand accountability from those entrusted with the solemn duty to uphold justice and protect our freedoms. Imran Riaz Khan's ordeal must end now, and the nation must reflect on the perils of continuing down this treacherous path of unchecked authoritarianism masquerading as legal rectitude.

SWO, CDA, And IRC Spearhead High-Impact Workshop To Combat Child Marriages

By Muhammad Bachal

UMERKOT: With the joint collaboration of Sukar Welfare Organization, Chanan Development Association (CDA), and Indus Resource Center (IRC), a one-day workshop was held under the Young Omang Project at a local hotel to enhance coordination and cooperation among various stakeholders for the prevention of child marriages.

The workshop saw participation from Deputy Director of Social Welfare Ghulam Murtaza Gohar, District Information Officer Muhammad Aslam Bhatti, Deputy Director of Population Ali Muhammad Panhwar, EDO Umerkot, RSU focal person, Local Government's EDL Haresh Chandar Khatri, representatives from the Women's Development Department, social organization SPO's Shevaram Suthar, CWSA's Madam Kainat, Madam Saiga Khan, and all district stakeholders. They assured that strong measures would be taken to prevent child marriages and that the Sindh Child Mar-

riages Restraint Act 2013 would be fully enforced. During the event, Deputy Director of Social Welfare Umerkot Ghulam Murtaza Gohar emphasized that every society recognizes the social and moral status of children. He highlighted that the United Nations Convention on the Rights of the Child (UNCRC) is a prominent document in the modern era that outlines the fundamental rights of children. Advocate Muhammad Bakhs Kumbhar, Executive Director of Sukar Welfare Organization Umerkot, cited UNICEF statistics, stating that 21% of girls in Pakistan are married before

their 18th birthday and 3% before they turn 15. UNICEF's data reveals that Pakistan ranks 6th in the world for child brides, with 1,909,000 cases. If the current trend continues, 1 billion girls will fall victim to child marriage by 2030. IRC Project Manager, Farzana addressed the workshop, stating that Pakistan has committed, alongside other countries, to reduce child marriages by 2030 and achieve Sustainable Development Goal 5 on gender equality. Other stakeholders also shared their thoughts and presented suggestions for strict implementation of the 2013 Act to prohibit child marriages.

Cristiano Ronaldo cools off in Portugal after beating Ireland

Cristiano Ronaldo seems to be making the most of his little break from the field before heading to Germany for the Euro 2024 after leading Portugal to a victory over Ireland in an international friendly.

Ronaldo, 39, took to social media to update his fans about his activities. The Al Nassr striker utilised his time off the field to cool off in the Portuguese summer with a dip in the pool.

He shared a photo of himself on his Instagram Story in which he can be seen showing off his ripped biceps while standing inside a swimming pool.

The five-time Ballon d'Or winner also reunited with his

former roommate Miguel Paixão whom he lived with during his days at his first club, Sporting Lisbon.

Earlier, the former Manchester United, Real Madrid and Juventus star had reposted his longtime friend's Instagram Story which featured a selfie of both friends.

Cristiano Ronaldo is now gearing up for Germany where his national team will take on Czech Republic on June 18 as part of the European Championship which kicks off on Friday.

Then, the team is set to face Turkey and Georgia in Group F.—Agency

Brian Lara wants USA to qualify for T20 World Cup Super 8 instead of Pakistan

Former West Indies captain Brian Lara wants the USA to qualify for India in the Super 8 stage of the T20 World Cup 2024 instead of Pakistan.

Keeping their hopes alive in the Super 8 race, Babar Azam's Pakistan revitalised their campaign in Group A by defeating Canada on Tuesday.

The Men in Green outlasted Canada by seven wickets to secure their first win in the competition. Despite Pakistan having an outside chance of progressing to the Super 8 alongside India, Lara has predicted an early exit for Pakistan in Group A.

Speaking to Star Sports, he admitted that Pakistan have a chance to enter the business end of the competition. However, Lara is backing the USA to join India in the Super 8 from Group A.

"Of course mathematically they (Pakistan) have a chance. I think the USA just got to take care of a win in

their last game, they do captain Brian Lara that and they qualify. But we're hoping that they get to win plus the USA lose their game. So my money is on the USA. I think they're full of confidence and they would want to make it to the Super 8 historic for US cricket," Lara said.

Remember, India favoured Pakistan after they defeated the USA by seven wickets in their Group A encounter in New York.

Pakistan are now ahead of the USA on net run rate, having suffered two defeats and secured a solitary win. Pakistan can maintain their NRR lead over the USA with a victory against Ireland.

If Ireland beat the USA and Pakistan win their final Group A match, Babar and his team will advance to the Super 8 stage of the T20 World Cup. Co-hosts USA need at least a point against Ireland. If Pakistan drop a point, the USA will enter the Super 8 stage.

Lauderhill will host both matches and if either game is washed out, the USA will secure their place in the Super 8.—Agency

T20 World Cup 2024: Bangladesh defeat Netherlands by 25 runs

KINGSTOWN: Bangladesh grabbed victory over Netherlands by restricting the batters to 134/8 in the 27th match of the T20 World Cup being played at Arnos Vale Ground, Kingstown.

Chasing the target, the Netherlands didn't have the best start as they lost both of their openers Michael Levitt (18 off 16) and Max O'Dowd (12 off 16) walked back to the pavilion leaving their side 32-2 in 5.4 overs.

However, after losing two wickets, the Dutch got back in the game with Vikramjit Singh and Sybrand Engelbrecht combining for 37-run before the former departed after scoring 26 runs on 16 balls.

After losing the wicket, Engelbrecht (33 off 22) and

skipper Scott Edwards (25 off 23) scored but their knocks were not enough as the Dutch kept on losing wickets and eventually concluded their innings at 134-8 in 20 overs.

For Bangladesh, Rishad Hossain starred with the ball as he took three wickets, Taskin Ahmed got two while Mustafizur Rahman, Tanzim

Hasan and Shakib Al Hasan built a 48-run partnership which was crucial for Bangladesh as they got the much-needed stability. Tanzid played a quick knock, scoring 35 off 26 with six boundaries before losing his wicket to Paul van Meekeren. Shakib stayed on the pitch and he was supported greatly by Mahmudullah (25 off 21) down the order. Jaker Ali's quick seven-ball 14-run cameo helped Bangladesh conclude their innings at 159-5 in the allocated overs.

Shakib top-scored for the Tigers with 64 runs on 46 balls. Meanwhile, Aryan Dutt and Van Meekeren bagged two wickets each while Tim Pringle managed to get one.—Agency

Squash Championship: Pakistan qualify for quarter-finals after crushing China

DALIAN: In yet another victory in the squash, Pakistan cruise to victory over China by 3-0 Thursday, qualifying for the quarter-finals of the Asian Team Squash Championship in Dalian, China.

The victory was secured in the participants' final pool stage match, marking the three consecutive successes. Pakistan were undefeated in Pool C of the event where they were at par with South Korea, Chinese Taipei, and China.

The Men in Green beat Taipei 3-0 and Korea 2-1 Wednesday commencing the tournament with high spirits.

Noor Zaman, Farhan Mehboob and Nasir Iqbal won their matches against Chinese players Thursday.

Nasir Iqbal, Asim Khan and Noor Zaman won their matches against Taipei. Meanwhile, Nasir Iqbal and Noor Zaman won against Korea with Asim Khan the only Pakistan player to lose a match.

The quarter-finals of the event will be played tomorrow. Pakistan's opponent in the last-eight clash is arch-rivals India.

The Pakistan team is being coached by the experienced Fahim Gul, who is eager to ensure that the national side wins the gold medal.

Pakistan are the most successful team in the Asian Men's Team Squash Championship's history with 15 gold medals. However, their last win in the event came in 2016.—Agency

Traces of two missing Japanese climbers found in Gilgit Baltistan

GILGIT: Army helicopters found "traces" of the two mountain climbers from Japan who went missing Wednesday while attempting to summit 7,027-metre Spantik Peak, also known as Golden Peak, in the Karakoram range, but their whereabouts and condition remains unknown, according to a statement released from Karrar Haidri, secretary of Alpine Club of Pakistan.

"The Shigar deputy commissioner stated that they had identified a potential location for the climbers, but it was still unclear if the climbers were actually there, and their health status remained unknown," the statement added.

The missing Japanese hikers Ryuseki Hiraoka and Atsushi Taguchi, were climbing Alpine style, which involves climbing quickly with minimal gear and no fixed camps, the statement read, adding "they

reached Camp 2 at 5,300 meters on Monday, however, when another seven-member Japanese expedition team arrived at the camp the next day, Hiraoka and Taguchi were not there."

"The team then halted their expedition and returned to the base camp to alert the authorities."

"The Deputy Commissioner reported that the rescue operation took place twice early Thursday around 6:30am, pinpointing the possible location of the climbers at approximately 5,500 meters, between Camp 2 and Camp III," Haidri said.

Pakistan has five of the world's 14 mountains higher than 8,000 metres including K2, the world's second highest.

More than 8,900 foreigners visited the remote Gilgit-Baltistan region in 2023, according to official figures from the government, where the summer climbing season runs from early June to late August.—Agency

Messi to skip Olympics but leaves door open for 2026 World Cup

MIAMI: Eight-time Ballon d'Or winner Lionel Messi has confirmed in an interview with US broadcaster ESPN that he will not attempt to win a second gold medal with Argentina at the Paris Olympics this summer.

"I spoke with (Argentinian Olympic coach Javier) Mascherano, and we immediately agreed on the situation," Inter Miami forward Messi said in the interview broadcast on Wednesday.

"It's a difficult moment, because there's the Copa America, and that would mean two or three consecutive World Cup away from my club.

"At my age, I don't want to play everything and I need to make the right choices," added the former Barcelona star who was a member of Argentina's 2008 Olympic gold medal winning team.

Messi, who turns 37 on June 24, will be with Argentina at the Copa America from June 20 to July 14 in the United States, just a few weeks before the Olympics start on July 26.

Messi, however, has not closed the door on taking part in a record-breaking sixth World Cup, to be held in 2026 between the US, Canada and Mexico.

"It's great to have records and continue to achieve things but I won't take part in a World Cup just to say I've done six," said Messi.

"If I feel good and everything is in place for me to be there, fine, but I won't go just to go."

"It's very difficult to imagine what can happen because it's still two years away. I don't need to commit right now to whether or not I'll be there.—Agency

Lionel Messi hints he may be retiring very soon

Inter Miami star Lionel Messi recently hinted at bidding farewell to the football world sooner than fans may have thought.

In an exclusive interview with ESPN Argentina, Messi, 36, talked candidly about his worries and ideas regarding life after football - a sport towards which he has dedicated his entire life, Marca reported.

During the interview, the Argentine football legend acknowledged approaching the end of his illustrious career on the football field, revealing the fear that he may not be ready for it.

"I'm not prepared to leave football," Messi told ESPN Argentina. "I did this all my life. I enjoy the trainings, the games. The fear that everything is going to be over, it's always there."

He also named the club that he thinks will see the final moments of Messi in action.

"I think Inter Miami is going to be my last club."

Messi's contract with Inter Miami will expire at the end of 2025, potentially marking the end of an extraordinary career that has seen him achieve every major accolade in the sport.

As one of the world's top players, the former Barcelona and Paris Saint-Germain star has achieved several Champions League trophies, league titles in Spain and France, and a Copa America and World Cup victory for Argentina.

He has also bagged numerous Ballon d'Or awards recognising him as the best player in the world.—Agency

Khloe Kardashian agrees to become Malika Haqq's 'baby daddy'

Khloe Kardashian seemingly has no problem in becoming Malika Haqq's "baby daddy."

On the upcoming episode of The Kardashians, Khloe Kardashian advised her close pal Malika Haqq regarding her second pregnancy, as per People Magazine.

Malika started the discussion and asked Khloe, "I do want to ask you, if you can, whenever, I can make an appointment when you can go with me."

She also shared that she was unsure about her decision regarding "the sperm bank" and was having "a head thing about it."

"And what are your fears about the sperm bank?" the 39-year-old asked in response.

"I guess it's maybe my disappointment with not doing it the way I thought I would do it, like being married and all those things," Malika expressed.

Advising her friend, the mother of two suggested her to get rid of her girl-like fantasies and think about it like a mature woman.

"Like these aren't things that you think about as a kid. But for women, the older you get, time is ticking, and blah blah blah, so women put the pressure on themselves."

"I really can't believe I'm gonna do it. Can just make you my baby daddy?" Malika requested the Good American founder.

Malhi Community Throws Grand Reception In Honor Of MNA Naveed Dero

By Khadim Khakheli

SANGHAR: In honor of former MNA Naveed Dero, the Malhi community of Ward No-3 hosted a reception. The former MNA also attended a tea party organized by Dr. Satram Das and retired teacher Jhaman Das of the Malhi community. During the event, the Malhi community expressed their gratitude to the former MNA for providing a paved brick road from Utility Store Street to Malhi Para and Dhak Para. Dr. Jhaman Das mentioned that the Malhi community

has a significant voter base in Sanghar. The lack of roads had caused considerable hardship for the people of this area, and the new development will greatly benefit the residents. Former MNA Naveed Dero stated that the Pakistan People's Party (PPP) is a party of the people that has always prioritized public welfare projects. He highlighted that Sanghar district is currently a stronghold of the PPP, and the party is committed to its development, strengthening, and the welfare of its citizens. He emphasized that the PPP has

achieved more development in ten years than the opposition could in seventy years, and these developments are evident to the public. During the event, the Malhi community also presented Naveed Dero with traditional Ajraks. PPP leaders Aijaz Zardari, Vice Chairman of the Municipal Committee Naimat Ali, also known as Badshah Pathan, Councilor Rashid Arain, PPP City Sanghar President Ghulam Haider Panhwar, Dr. Sohail Manghat, Amir Qureshi, Rana Munawar Ali, Mazhar Qalandari, and others were present.

Sakrand Sugar Mills And Sajinta Agricultural Group Host Groundbreaking Awareness Seminar

By Aijaz Johkio

DAULATPUR: Sakrand Sugar Mills and Sajinta Agricultural Group organized an agricultural seminar at the Rang Mahal Marriage Hall in Qazi Ahmed to provide agricultural guidance to farmers. Especially to eradicate diseases prevalent in crops, special attention was given to cultivation. Sajinta Agricultural Group, a trusted company in agricultural matters, continuously provides services for the improvement of agriculture. Currently, the company's recommendations are resulting in better yields in agricultural crops. Moreover, to ensure peace of mind for all landowners regarding their crops, only Sajinta Company provides crop insurance for a mere 100 rupees per acre. In the unfortunate event of crop

loss due to natural calamities such as storms and others, the company compensates the loss with an insurance payout of up to 13,000 rupees. Additionally, Sajinta Company also provides the convenience of Down Spray, where, upon the landowner's request, they can spray their fields in just 6 minutes. On

this occasion, DG Cane Sakrand Sugar Mills, Nazir Ahmed Jai and officers from the company aimed to achieve better yields in crops through the use of agricultural medicines and the market's fertilizers and pesticides. It is crucial to act on the advice of agricultural experts for agricultural prosperity.

Karachi Pan Shop Robbery: DSP's Son Among Three Arrested For 'Dacoity'

KARACHI: Deputy Superintendent Police (DSP) Zafar Javed and his son were among three suspects arrested for their alleged involvement in a dacoity at a pan shop in Karachi.

Senior Superintendent Police (SSP) Arif Aslam told the media that three suspects including a senior police officer and his son were nabbed following a robbery at the pan shop in the Gulshan-e-Iqbal area late Wednesday night.

A case was registered over complaint of the shop owner Shahzeb at the Gulshan-e-Iqbal Police Station. The police van used in the crime was also seized.

CCTV footage of the incident showed at least three men including two covering their faces with masks came out of a police van and stormed a pan shop. They threatened the shopkeeper and later forcibly jumped into the shop premises to snatch the products and cash.

According to the police, the DSP's son and his friends were found involved in the crime after initial probe. The police added that efforts are underway to arrest other accomplices.

The crime rate in the port city has gone out of control as at least 71 people have been shot dead by robbers in the first five months of 2024. According to a report regarding Karachi crime in April, 6,780 street crime incidents took place in Karachi in one month, while 20 vehicles were snatched and more than 130 others stolen.

The report also stated that 830 motorcycles were snatched and 4,200 others stolen during Ramadan, whereas the number of mobile phones snatched was 1,600.

Following a sharp increase in street crimes, Sindh Chief Minister Murad Ali Shah issued directives to the police to boost security and monitoring in Karachi and to ensure that people's lives and properties are protected.—RT

Murad Acquires State-Of-The-Art E-Tagging Devices And Drones To Combat Crime In Sindh

KARACHI: Sindh Chief Minister Syed Murad Ali Shah chaired a law and order meeting, deciding to acquire 4000 E-tagging devices for repeat street and drug criminals. The CM directed the implementation of GEO-tagging and GPS to combat crime in hotspot areas. Additionally, 14 drones will be deployed in Sukkur, Ghotki, Kashmore, and Shikarpur districts to monitor dacoits and their hideouts.

The CM praised the police and law enforcement for progress in controlling street crime and kidnappings, emphasizing the need for advanced technology. He committed to making Karachi a drug-free city, noting that 574 drug dealers were identified, with 299 arrested and five eliminated.

Murad Shah highlighted the installation of trackers in 3302 police vehicles and the deployment of facial recognition/ANPR cameras at entry and exit points of the province. The first phase of the Karachi Safe City project, involving the installation of 1,300 cameras, has begun with Rs5.6 billion already allocated. The CM also directed the use of laser-guided fencing and GPS technology to enhance security measures.—RT

Russia Day Extravaganza Lights Up Russian Culture Centre In Karachi

KARACHI: The Russian Culture Centre, also known as the Friendship House, celebrated Russia Day in grand style yesterday. Hosted by Farhah Aqib, the event was attended by media partners.

Director of the Russian House, Ruslan M. Prokhorov, welcomed the guests and thanked them for their support in promoting cultural exchange between Russia and Pakistan. The evening featured a delicious dinner, gift hampers, and a joyful atmosphere.

Media partners were awarded shields and certificates of appreciation for their contributions to promoting Russian culture and language in Pakistan. Their dedication was praised for strengthening the cultural bond between the two nations.

Russia Day commemorates the declaration of Russia's sovereignty on June 12, 1990. The country has a rich cultural heritage and a history of warm relations with Pakistan.

Rafiq Sulaiman Urges Prime Minister To Retain Fixed Tax System For Exporters

KARACHI: Rafiq Sulaiman, former Chairman of the Rice Exporters Association of Pakistan, EC member of FPCCI, and Chairman of the East Africa Committee, has written a letter to Prime Minister Shahbaz Sharif, urging him to reject the federal budget proposal to remove exporters from the fixed tax system.

Sulaiman expressed deep concern over the proposed shift to the normal tax system, highlighting the significant challenges it would pose to the business community. He argued that this move could harm the growth of the country's export sector under the guise of enforcing equity laws. The transition to a common tax system introduces complex bureaucratic processes, increasing the risk of corruption and bribery, and making exporters more vulnerable to undue influence from income tax officers.

favorable tax policies could discourage investment and expansion in the export sector, ultimately affecting the country's export performance and economic health. He appealed to the Prime Minister to advocate for tax policies that promote a business-friendly environment, encourage growth, investment, and export efficiency, reduce bureaucratic challenges, and ensure a fair and transparent tax system.

He emphasized that the uncertainty and instability resulting from moving away from a fixed tax system could hinder business growth and competitiveness in the global market. Exporters, who are crucial for earning foreign exchange for the country, require a predictable and supportive tax environment to thrive.

Maintaining a fixed tax regime for exporters is crucial for demonstrating the government's commitment to supporting the business community and promoting economic prosperity. Sulaiman urged the government to consider these concerns and take necessary action to protect the interests of exporters and the wider business community.—RT

Qatar's Consul General Holds High-Stakes Meeting with Sharjeel

KARACHI: Consul General of Qatar to Karachi, Nayef Shaheen, called on Sindh Senior Minister Sharjeel Inam Memon in his office and discussed bilateral-friendly relations between Pakistan and Qatar, mutual interests, cultural harmony between the two countries, and other pertinent issues.

At the meeting, the Consul praised the hospitality of Pakistan, particularly the people of Sindh. He emphasized that Qatar felt like a second home to the citizens of Pakistan.

Welcoming the former football stars in Pakistan, he added that the Sindh Government will be extending full support to PFL in its aim to revive football in Pakistan, as that will also boost the sports economy of Pakistan. Welcoming the kind gesture and support, Farhan Junjo, Chairman, Pakistan Football League said, "Football is one of the most loved sport in Pakistan, and the fan-following for football in Pakistan is tremendous, the streets of Karachi are known for the love they possess for this sport, in particular, Iyari - often called Mini Brazil for the enduring love these people possess for the Brazilian national football team", remarked Mayor Karachi, Barrister Murtaza Wahab.

Mr Memon extended an invitation to the Consul General to consider investing in Sindh. He highlighted numerous investment opportunities available in Sindh, expressing the government's readiness to host a delegation from Qatar for exploring these prospects.

Mr Memon expressed the desire for businessmen from Qatar to establish relationships with businessmen in Sindh, similar to the cooperation between the governments.

Mr Memon emphasized the abundance of investment opportunities available in the region.

During the meeting, the senior minister of Sindh presented a souvenir, a Sindh Ajrak and Cap, to the distinguished guest. In return, the Consul General also presented a souvenir to the Sindh Senior Minister.—RT

He emphasized that there are vast investment opportunities across all sectors, particularly in the transport sector in Sindh. Minister Sharjeel Inam Memon expressed that investment from the Qatari government or private investors would be a welcome step for them.

Karachi Mayor Vows Unwavering Support For PFL's Upcoming Programs

KARACHI: Mayor Karachi Barrister Murtaza Wahab on Thursday chaired a meeting at his office with Pakistan Football League (PFL) Chairman, Farhan Junjo, who briefed him on PFL's future programmes which have been designed in a way to cater the requirements of the football frenzy youth of Pakistan.

From ensuring basic level playing ground facilities to ensuring easy access for the less privileged children in Pakistan, who dream to make their names on the soccer field but are forced from doing so due to financial constraints.

It is pertinent to mention that this was the second round of meeting between Mayor Karachi and the PFL team, following the previously hosted reception in honour of Former English Football Star and PFL's Brand Ambassador Michael Owen, alongside other renowned international players, who were later invited to the Karki Football Ground to boost the spirit of local players.

Welcoming the former football stars in Pakistan, he added that the Sindh Government will be extending full support to PFL in its aim to revive football in Pakistan, as that will also boost the sports economy of Pakistan. Welcoming the kind gesture and support, Farhan Junjo, Chairman, Pakistan Football League said, "Football is one of the most loved sport in Pakistan, and the fan-following for football in Pakistan is tremendous, the streets of Karachi are known for the love they possess for this sport, in particular, Iyari - often called Mini Brazil for the enduring love these people possess for the Brazilian national football team", remarked Mayor Karachi, Barrister Murtaza Wahab.
