President Zardari Touches Down In China For 10-Day Official Visit

BEIJING: President Asif Ali Zardari arrived in Chengdu on Friday to begin his 10-day official visit to China, where he will hold discussions with the Chinese leadership on matters related to bilateral ties, including China-Pakistan Economic Corridor (CPEC).

On arrival at Chengdu Shuangliu International Airport, he was warmly received by Vice Foreign Minister Sun Weidong and Vice Governor of Sichuan Province Huang Ruixue, said a statement issued by the President's Secretariat.

Pakistan's Ambassador to China Khalil Hashmi, as well as the Chinese Ambassador to Pakistan, Jiang Zaidong, were also present on the occasion.

"During the visit, the president will hold meetings with the Chinese leadership and senior officials to strengthen Pakistan-China relations further, enhance cooperation in diverse fields and advance shared objectives under the All-Weather Strategic Cooperative Partnership," read the statement.

Earlier, the Foreign Office — in a statement — said that the president was undertaking a 10-day official visit to China on the invitation of the Chinese government.

During the visit, the President will grace Chengdu, Shanghai and Xinjiang Uygur Autonomous Region and hold meetings with the provincial leadership.

"The discussions will encompass Pakistan-China bilateral relations, with a particular focus on economic and trade cooperation, China-Pakistan Economic Corridor (CPEC) and future connectivity initiatives," the FO added.

"The visit underscores the tradition of high-level exchanges between Pakistan and China, reflecting the deep commitment of the two countries to strengthen their All-weather Strategic Cooperative Partnership," it added.The FO concluded by saying that the visit reaffirms "mutual support on the issues of core interests, advance economic and trade cooperation including CPEC, and to highlight their joint commitment to regional peace, development and stability".—RT/Agency

PM Shehbaz Confirms Pakistan To Host Next SCO Summit

ISLAMABAD: Prime Minister Shehbaz Sharif has announced that Pakistan will host the next Shanghai Cooperation Organisation (SCO) Summit to be held in 2027 and ordered to immediately begin preparations for the key summit.

The announcement was made after PM Shehbaz performed the groundbreaking of T-Chowk Flyover Project at Islamabad Expressway, terming it a milestone initiative for the residents of the twin cities, Rawalpindi and Islamabad.

The total project cost is Rs 1,495 million, with a duration of 150 days. The project officially starts today and is expected to be completed by February 9 next year.

The project is being constructed on existing available land with no need for land acquisition and is financed through self-financing by the CDA.

Addressing the groundbreaking ceremony, the prime minister praised the interior minister, Capital Development Authority (CDA) chairman, and their teams for initiating such a vital public interest project.

He directed all concerned authorities to ensure the highest standards of quality throughout the construction and emphasized that there should be no compromise on quality while completing the project in the shortest possible time.

The prime minister highlighted that Pakistan will be hosting the next SCO Shanghai Cooperation Organisation (SCO) summit, and preparations must begin immediately.

This includes constructing new accommodations and further beautifying Islamabad. In this regard, he mentioned that Tajikistan has gifted saplings, and the CDA and other teams are working on plantation efforts.

PM Shehbaz also stressed that government was also planning to embark upon another public interest project of rail car in the twin cities.

"If it happens (the project completes), it will be a great gift for the residents of the twin cities," he said directing the relevant authorities to begin work on the project without delay.

Speaking on the occasion, Interior Minister Mohsin Naqvi said the project Islamabad Expressway was already completed but it was decided that the formal inauguration will be held once the final segment (T-Chowk Flyover) was done.He commended the CDA, National Engineering Services Pakistan (Nespak), and other relevant stakeholders for designing the project in a way that no additional land acquisition is required, saving Rs7 billion in the process.—RT/Agency

Trump Announces Arrest Of Suspect In Charlie Kirk Killing

US: A suspect in the fatal shooting of conservative activist Charlie Kirk at a Utah university has been taken into custody, US President Donald Trump said on Friday, ending an intense manhunt that followed what Trump described as a "heinous assassination."

Kirk's killer has eluded police and federal agents for more than 24 hours after Wednesday's shooting, in which a sniper fired a single gunshot that killed Kirk during an appearance at Utah Valley University in Orem.

"I think we have him," Trump told Fox News in an interview, adding that a person who knows the suspect had turned him in.

Previously, US investigators said they had found the bolt-action rifle believed to have been used to kill Kirk and released images of a person of interest.

The FBI had circulated grainy images apparently taken from security cameras showing a "person of interest" wearing a black top, black sunglasses and a dark baseball cap. The long-sleeved top appears to have been emblazoned with an image of a bald eagle flying across a US flag.

Kirk, an author, podcast host and close ally of Trump, helped build the Republican Party's support among younger voters.

FBI and state officials said the killer arrived on the campus a few minutes before the start of the event, a debate led by Kirk titled "Prove Me Wrong" in front of 3,000 people at Utah Valley, about 40 miles (65 km) south of Salt Lake City.

Security-camera videos showed a person going up stairwells to gain access to a roof before firing at Kirk, the officials said at a press briefing. Kirk, a staunch defender of gun rights, was answering an audience question about mass shootings when the bullet struck his neck. Audience members fled in panic.

The shooter jumped off the roof and fled into an adjoining neighborhood, said Robert Bohls, an FBI special agent in charge.

Investigators found a "high-powered, bolt-action" rifle in a nearby wooded area, and were examining that along with palm prints and footprints for clues.—RT/Agency

US Senator Rubio Heads To Israel Amid Rift In Middle East Alliances

US: US President Donald Trump's top diplomat, Marco Rubio, will fly to Israel this weekend amid tensions with fellow US allies in the Middle East over Israel's strike on Hamas leaders in Qatar and expansion of settlements in the occupied West Bank.

State Department deputy spokesperson Tommy Pigott said on Friday that Rubio would depart on Saturday to visit Israel before joining up with Trump's planned visit to Britain next week.

Rubio in Israel will emphasise Washington and Israel's shared goals, Pigott said in a statement, citing the need to ensure Hamas never rules Gaza again and the return of hostages of October 7, 2023.

Rubio's visit comes ahead of high-level meetings at the United Nations in New York later this month, where countries including France and Britain are expected to recognize Palestinian statehood.—RT/Agency

PTI Chief Barrister Gohar Dismisses Rumors Of Political Deal

ISLAMABAD: Pakistan Tehreek-e-Insaf (PTI) Chairman Barrister Gohar has categorically rejected reports of a political "deal," saying such claims are fabricated and intended to mislead the public. He asserted that if there had been any arrangement, the PTI founder would not have endured two years in prison.

Addressing the media on Thursday, Barrister Gohar emphasized that PTI's struggle is not about striking compromises but about ensuring the supremacy of the judiciary and the protection of democratic values in Pakistan. "There is no question of a deal. Our movement is for justice and democracy," he said.

He argued that the cases registered against PTI members were politically motivated. "Those who abandoned the party faced no legal challenges, while our loyal workers and leaders were disqualified and punished," he pointed out. According to him, this selective accountability makes it clear that PTI has been unfairly targeted.

The PTI chairman also reminded that the founder of the party had repeatedly demonstrated flexibility in the past three years, despite facing immense political challenges. "He is not rigid," Gohar said, adding that when PTI's electoral mandate was allegedly stolen, the founder urged dialogue to resolve the crisis. "Yet nothing came out of it," he lamented.

Declaring himself the representative voice of the PTI founder, Gohar said the leader's resilience remains unshaken whether he is inside jail or outside. He underscored that a political solution to the ongoing crisis is still necessary, stressing, "It is not too late even now."

He urged all stakeholders to act responsibly, saying that the way forward lies in meaningful political dialogue rather than fabricated narratives about secret deals. "The people of Pakistan deserve transparency, justice, and democracy. That is what PTI stands for," he concluded.

The statement comes at a time when rumors of backchannel negotiations have been circulating in political circles, with PTI leadership facing mounting legal and political pressures. Barrister Gohar's remarks appear aimed at dispelling confusion and reaffirming PTI's position as a party committed to democratic struggle rather than compromises.—RT/Agency

Four Indian-Backed Terrorists Neutralized In Mastung Operation

MASTUNG: Security forces on Friday eliminated four terrorists belonging to the Indian proxy, Fitna al Hindustan, during an intelligence-based operation (IBO) in Balochistan's Mastung.

During the conduct of the operation, the security personnel effectively engaged the terrorists' location, and after an intense fire exchange, four Indian-sponsored terrorists were neutralised, the Inter-Services Public Relations (ISPR) said in a statement.

Weapons, ammunition and explosives were also recovered from the terrorists, who remained actively involved in numerous terrorist activities in the area.

The security forces were conducting a sanitisation operation to eliminate any other terrorists found in the area, it added.

The security forces "are determined to wipe out the menace of Indian sponsored terrorism from the country, and reaffirm the nation's unwavering resolve to bring the perpetrators of terrorism to justice", it concluded.

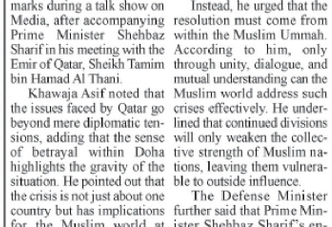

Pakistan witnessed a surge in terror activities, particularly in its Khyber Pakhtunkhwa (KP) and Balochistan provinces since 2021.

According to a report released by the Pakistan Institute for Conflict and Security Studies (PICSS), an Islamabad-based think tank, the country witnessed 78 terrorist attacks during the month of June, which resulted in at least 100 deaths.Among the fatalities were 53 security personnel, 39 civilians, six militants, and two members of local peace committees.

A total of 189 people were injured, including 126 members of the security forces and 63 civilians.Altogether, the violence and operations led to 175 deaths in June — among them, 55 security personnel, 77 militants, 41 civilians, and two peace committee members.

The security forces, along with the law enforcement agencies (LEAs) have been carrying out operations against the terrorists and even launched a targeted action against militants in KP's Bajaur.—RT/Agency

Defense Minister Khawaja Asif Says Qatar Betrayed, Urges Muslim Unity

ISLAMABAD: Defense Minister Khawaja Asif has said that Qatar feels it has been betrayed, stressing that the matter has now moved forward and requires broader resolution. He made these remarks during a talk show on Media, after accompanying Prime Minister Shehbaz Sharif in his meeting with the Emir of Qatar, Sheikh Tamim bin Hamad Al Thani.

Khawaja Asif noted that the issues faced by Qatar go beyond mere diplomatic tensions, adding that the sense of betrayal within Doha highlights the gravity of the situation. He pointed out that the crisis is not just about one country but has implications for the Muslim world at large.Commenting on the role of global powers, the Defense Minister criticized the notion that pressure from the United States could resolve the issue. "The displeasure of former U.S. President Donald Trump was not enough to settle the dispute," Asif stated, emphasizing that reliance on external actors cannot provide a sustainable solution.

Instead, he urged that the resolution must come from within the Muslim Ummah. According to him, only through unity, dialogue, and mutual understanding can the Muslim world address such crises effectively. He underlined that continued divisions will only weaken the collective strength of Muslim nations, leaving them vulnerable to outside influence.

The Defense Minister further said that Prime Minister Shehbaz Sharif's engagement with the Qatari leadership demonstrates Pakistan's commitment to fostering reconciliation and cooperation among Muslim countries.—RT/Agency

Netanyahu Pushes E1 Settlement Plan, Declares No Palestinian State

JERUSALEM: Israeli Prime Minister Benjamin Netanyahu has officially signed off on the controversial E1 settlement development plan, defining the vision of his government that a Palestinian state will never be established.

The signing ceremony was held in Ma'ale Adumim, which is a large Israeli settlement in the occupied West Bank, where Netanyahu declared, "There will not be a Palestinian state. This place is ours".

The E1 settlement development plan has had international opposition for years, and it aims to connect Ma'ale Adumim with East Jerusalem through the establishment of thousands of housing units.

Critics call this wrong as this move will effectively divide the West Bank, severing East Jerusalem from Palestinian territories and rendering the prospect of a contiguous Palestinian state geographically impossible.

Human rights organisations and international observers have denied the plan, warning that it will lead to the movement of Palestinian communities and violate international law.

The United Nations Secretary-General Antonio Guterres considered the settlement expansion an "existential threat" to the two-state solution.

The E1 settlement development plan, spanning approximately 12 square kilometres, has long been considered a strategic zone by Israeli authorities. The development is viewed as a move towards Netanyahu's goal of "Greater Israel," strengthening Israeli control over land that is occupied by Palestinians.

The Jerusalem Governorate has criticised the plan, saying it is a way to change the population balance in East Jerusalem.

At the same time, reports indicate that attacks by settlers on Palestinian properties have gone up in recent months, causing more tension in the area.

Earlier, Qatar officially announced it will host an emergency Arab-Islamic summit in Doha, in response to a recent Israeli airstrike on Doha targeting Hamas officials in the Qatari capital.

The Arab-Islamic summit will commence on September 14 and 15, 2025, and aims to form a collaborative regional viewpoint on the incident and its wider consequences.

According to the Qatari Ministry of Foreign Affairs, an introductory meeting of foreign ministers will take place on September 13, before the main summit.—RT/Agency

Deploying de-watering machines and operating in shifts around the clock, the team has managed to drain approximately 80% of the water, providing much-needed relief to residents. Despite challenges posed by ongoing rainfall and limited resources, the committee remains committed to serving the public by not only addressing flood relief but also maintaining civic duties such as cleanliness, road repairs, and streetlight restoration. Chairman Shoro assured the people of Jamshoro of his unwavering dedication to their well-being until all floodwaters are cleared.

Tragedy on Water: Five Drown as Boat Capsizes Near Kamaldero, Search Crews Battle Grief and Currents

By Osama Ayaz & Qasim Imran

KANDIARO/KAMALDERO: A tragic incident occurred near Kamaldero on the Indus River where a boat overloaded with goods suddenly capsized due to strong currents. As a result, five people on board drowned in the fast-flowing river. Eyewitnesses said the boat was carrying more cargo than usual, which made it unable to withstand the force of the waves. Local residents report that the boat owner and businessmen often overload boats, increasing the risk of such accidents. Upon receiving the news, villagers and local fishermen rushed to the river with boats to search for the missing persons. Rescue teams and police have also been informed but have yet to locate anyone. The incident has cast a wave of sorrow over the area, with families mourning the loss of their loved ones. Locals expressed frustration over the lack of regulation and safety measures for boats, stating that their repeated complaints have gone unheard. The river remains a vital source of livelihood, but yearly tragedies continue to devastate families in the region.

Digri Citizens Rise in Protest Against Encroachments Outside Girls' School

By Farooq Randhawa

DIGRI: Citizens of Digri staged a protest at Muhammadi Chowk on the call of the Shehri Ittehad Committee against illegal encroachments near Government Girls Higher Secondary School. Addressing the protest, committee chairman Qari Abdul Latif Baloch, Hafiz Umair Masood, and Prem Rathore Kolhi stated that vendors and shopkeepers have illegally occupied the main street leading to the school, creating severe obstacles for female students, school staff, and local pedestrians. The narrow passage is now filled with stalls and goods, with vendors reportedly collecting rent from stallholders. Protesters also raised concerns about the presence of unruly youth harassing girls during school dismissal hours. They demanded that the Taluka administration and police immediately launch an anti-encroachment operation and deploy police personnel during school timings to ensure safety and uninterrupted education for the girls.

Cervical Cancer Vaccination Drive Kicks Off in Hyderabad

By Javed Samejo

The event was graced by Divisional Commissioner Fayaz Hussain Abbasi as chief guest, with Deputy Commissioner Zain-ul-Abideen Memon and MS of Liaquat University Hospital Dr. Ali Akbar Dahri attending as guests of honor. The seminar saw participation from doctors, nurses, professors, paramedical staff, and civil society members. Commissioner Abbasi stated that, like other districts, Hyderabad has also launched a vaccination campaign for girls aged 9 to 14, which will run uninterrupted from September 15 to 27. He emphasized the Sindh government's commitment to protecting young girls from cervical cancer and urged everyone to contribute to the campaign's success.

Shadi Palli Residents Demand Relentless Anti-Encroachment Campaign

By Muhammad Bachal

UMERKOT: Encroachments in Shadi Palli town have spiraled out of control as vendors and shopkeepers occupy both sides of the main road with makeshift stalls and shelters, blocking traffic entirely. Reports indicate that shop owners charge Rs 2,000-3,000 in rent from pushcart vendors, further fueling the problem. The Railway Chowk area, a key location for morning and evening commuters, especially women, is now overrun by rickshaws, carts, and kiosks leading to severe inconvenience and violations of women's privacy. Despite prior orders from Assistant Commissioner (AC) Pithoro, Sanjay Kumar, to clear the area and install official signage, no action has been effectively taken. Locals criticize the AC for failing to manage both inflation and encroachments in his jurisdictions Taluka Pithoro and Taluka Samaro causing growing frustration among citizens.

Lahore Lawyer Files RTI Request for Transparency at Rawalpindi Women University

By Salman Ali

ISLAMABAD: A Lahore-based lawyer, Advocate Liaquat Ali, has formally filed a Right to Information (RTI) request under the RTI Act 2017, directed to the Vice Chancellor of Rawalpindi Women University (RWU), seeking detailed information regarding academic policies and student affairs. The application specifically inquires about the performance of M.Phil Sociology students in the 2025 first semester exams, including pass, fail, and dropout statistics, along with reasons and rules governing student withdrawals. The lawyer also requested clarification on conditional promotions and academic probation policies, demanding access to official documents supporting such decisions. Notably, the RTI request questions whether RWU has approved policies on sexual harassment and grievance redressal mechanisms for students, requesting copies if they exist. Advocate Ali emphasized the students' right to information and the need for transparency in academic institutions. The case reflects rising concerns over accountability in Pakistan's higher education sector, as more individuals and civil society actors invoke the RTI law to hold institutions accountable.

SMIU VC Inspires Students toValue Education and Aim Beyond Graduation

By Rahib Gaho

Karachi: Vice Chancellor of Sindh Madressatul Islam University (SMIU), Dr. Mujeeb Sahrai, has said that students at SMIU are highly privileged to be part of an institution with a 141-year legacy of excellence and located in the heart of Karachi. Addressing the orientation session for newly admitted Fall semester students, he urged them to respect their teachers and value their time, as these are key to achieving success.

Dr. Sahrai highlighted that Pakistan's university culture has strengthened significantly over the past two decades, with the Higher Education Commission (HEC) and Sindh Higher Education Commission (SHEC) playing a vital role in ensuring academic quality. He advised students to think beyond graduation, pursue advanced degrees, and contribute to national development.

The session was also addressed by senior faculty members, who introduced students to SMIU's departments and facilities.

Gulzar-e-Hijri Residents Demand Urgent Fix to Waterlogging Woes

By Dildar Seelro

KARACHI: Residents of Gulzar-e-Hijri and surrounding areas in Safora Town are facing severe hardships due to chronic drainage failures and accumulated floodwater, particularly after recent overflows from Thado Dam. Jamaat-e-Islami UC-2 Chairman Jamshed Ali Malik has publicly criticized Mayor Karachi and Safora Town officials for long-standing negligence. Malik accused Town Chairman Rashid Khaskheli of ignoring affected neighborhoods and focusing only on areas like Sachal Goth for political gain. Speaking from stagnant water at Khatm-e-Nabuwwat Chowk, he urged immediate emergency drainage measures, warning that continued inaction is devastating local businesses and daily life.

SSP Traffic Malir Praises Brave Officers for Service During Karachi Rains

By Asif Qureshi

KARACHI: SSP Traffic Malir Syed Iftikhar Ali Shah praised traffic police officers for their exceptional performance during the recent rain emergency. Acting on directives from CM Sindh Murad Ali Shah and DIG Traffic Pir Muhammad Shah, officers assisted stranded citizens and ensured smooth traffic flow despite heavy rainfall. While visiting affected areas and later addressing journalists at Malir Press Club, SSP Iftikhar highlighted the team's dedication and urged citizens to follow traffic laws, avoid tinted windows, illegal number plates, and wrong-way driving for public safety.

Sindh Govt and World Bank Set Sights on Karachi Transport Master Plan

By Rahib Gaho

KARACHI: Sindh Chief Minister Syed Murad Ali Shah announced that his government, in partnership with the World Bank, will prepare a comprehensive Karachi Transport Master Plan to tackle the city's chronic mobility crisis. The plan will integrate Bus Rapid Transit (BRT) systems, metro light rail, and the revival of the Karachi Circular Railway.

The announcement was made at a meeting in CM House with a World Bank delegation led by Ibrahim Khalil Zaki. CM Shah described the World Bank as a "vital development partner" and stressed the need for at least 15,000 buses to meet Karachi's daily demand. He also highlighted Sindh's climate-friendly initiative of introducing electric buses.

Mr. Zaki assured full technical and financial support, while both sides agreed to establish a joint working group to finalise terms for experts preparing the plan. CM Shah called the partnership "big news for Karachi."

MPA Hadiya Behrani's Generous Donation Puts Years-Old Ambulance Back on Road

By Inayatullah Hur

JAFFARABAD: In a commendable move, MPA and Parliamentary Secretary Hadiya Rabnawaz Behrani has donated Rs 700,000 to repair a long-defunct ambulance at the District Headquarters Hospital, Dera Allahyar. The repair was initiated following a public appeal by the Citizens' Alliance of Dera Allahyar. The ambulance, which had been out of service for years, required Rs 1.3 million for full repairs including engine, tires, suspension, air conditioning, and complete bodywork. Despite reaching out to several influential and wealthy individuals, no significant contributions were made until Hadiya Behrani stepped forward. Her timely donation has enabled the repair work to enter its final stages. Citizens and social activists have praised her generous gesture, while Citizens' Alliance President Haji Muhammad Tahir Umrani confirmed that the ambulance will soon be operational to serve patients in need.

Two-State Solution or World War: The UN Has Spoken, Will Trump Listen?

The United Nations General Assembly has spoken with rare clarity: 142 nations voted to endorse a declaration demanding "tangible, timebound, and irreversible steps" towards a two-state solution between Israel and Palestine. This is no ordinary vote. It is the world's most resounding reminder that peace in the Middle East cannot come through military might, occupation, or endless retaliation. It can only come through justice — and justice means two sovereign states, side by side.

Yet, Israel and its Western backers, especially the United States, have once again chosen to dismiss global consensus. By calling the resolution a "publicity stunt," Washington has dangerously aligned itself against the tide of history. When 142 nations, including all Gulf states and European powers like France, demand change, it cannot be brushed off as theatrics. It is the will of humanity.

The grim numbers speak for themselves: more than 64,000 civilians dead in Gaza since October 7, 2023, and millions displaced. No rhetoric about "security" can mask the humanitarian catastrophe unfolding before the world's eyes. Unless addressed through a political settlement, this spiral of violence risks igniting a wider regional conflict — one that could easily engulf superpowers and drag the world towards a catastrophic third world war.

US President Donald Trump has long claimed that he seeks peace in the Middle East. Now is his moment of truth. The UN vote offers him a historic opportunity to pressure Israel to abandon its path of endless bloodshed and embrace a two-state solution. Will Trump rise to the challenge and use his influence to steer Israel towards peace, or will he remain complicit in prolonging a war that could consume the world?

History will not forgive indifference. The two-state solution is no longer an option — it is the only lifeline left.

HPV Awareness Spreads in Badin Through Pre-Campaign Seminar

By Raja Zafar Iqbal

BADIN: In connection with the HPV vaccination campaign scheduled from September 15 to 27, the Health Department of Badin organized an awareness seminar at Darbar Hall. The event was attended by Deputy Commissioner Badin Yasir Bhatti, Parliamentary Secretary for Women Development MPA Bibi Yasmeen Shah, Special Assistant to Sindh Chief Minister MPA Tanzila Ume Habiba Qambrani, District Health Officer Dr. Anjum Ali Soomro, Additional Deputy Commissioner-I Kashif Raza Mangi, and other officials. Deputy Commissioner Yasir Bhatti stated that the purpose of the seminar was to raise awareness about the HPV vaccination campaign, which aims to protect girls aged 9 to 14 from cervical cancer through free vaccinations. DHO Dr. Anjum Soomro briefed that the target for Badin district is 146,000 girls, and this vaccine already used in 130 countries is being provided free in Pakistan for the first time. He emphasized that cervical cancer is a silent but deadly disease affecting women and the most effective prevention method is vaccination, which is approved by global health organizations. MPA Bibi Yasmeen Shah assured the public of the vaccine's safety and stressed the need for awareness in both urban and rural areas. MPA Tanzila Qambrani announced she would begin the campaign by vaccinating her own daughter to build public trust and remove doubts. She also pointed out the lack of discourse around women's health issues and committed to the PPP's active participation in the campaign. Other attendees included social welfare officers, doctors, program coordinators, and project managers from various health departments and NGOs.

Chelsea Rocked as Liam Delap Ruled Out Until December

LONDON: Chelsea suffered a big blow as forward Liam Delap's hamstring injury has worsened and could keep him out until December.

Delap, who moved to Chelsea from Ipswich Town in a deal worth 30 million pounds ($41 million) in June, sustained an injury against Fulham before the international break.

Initially, he was believed to miss six to eight weeks; however, the situation has deteriorated now.

Enzo Maresca, the manager of Chelsea on Friday, ahead of his side's Premier League clash away at London rivals Brentford, said that it would take around 10 to 12 weeks for Delap to be back.

"It's around 10 to 12 weeks," Maresca told reporters.

Meanwhile, Maresca also provided some good news about Chelsea's cornerstone Cole Palmer, who was ruled out of the England squad because of a groin injury, saying he is back in training and likely to feature in the Brentford clash.

"Cole took part in the session yesterday for the first time, not the entire session," the Italian coach said.

"We have one more session this afternoon and we are going to try with him to see if he's okay, otherwise he will be out tomorrow.

"When he is available, we need to manage him because of the amount of games."

Salman Butt Picks Two Pakistan Giants in His All-Time ODI XI

Former Pakistan captain Salman Butt has unveiled his all-time ODI XI, featuring two Pakistani legends alongside some of the greatest cricketers from around the world.

During a recent interview on a local sports platform, Butt included spin legend Abdul Qadir and pace maestro Wasim Akram in his lineup, which also boasts iconic names from Sri Lanka, West Indies, India, South Africa, and England.

All-rounder Ben Stokes was named captain, while former Proteas batter AB de Villiers was chosen as the wicketeeper.

Discussing his selection process, Butt emphasised the thought behind picking players who could transcend eras.

"These are not players who were just fitting into their era; any one of them could also play modern-day cricket. From an ODI perspective, I think an attempt has been made to look at them across generations," he said.

He further elaborated on the rigorous criteria used to evaluate players for today's game, highlighting fitness, versatility, and strategic impact.—Agency

Punjab Kings Face Backlash Over Pakistan Snub in India Match Banner

The Indian Premier League (IPL) franchise Punjab Kings has come under fire after releasing a promotional banner for the highly anticipated Pakistan-India clash at the 2025 Asia Cup.

The fixture, scheduled for Sunday at the iconic Dubai International Cricket Stadium, featured India's logo but conspicuously left out Pakistan's, while the accompanying hashtag mentioned only India.

This exclusion sparked widespread criticism from fans and cricket followers, who accused the franchise of being politically motivated and disrespectful towards Pakistan.

Some fans claimed there was "fear in even mentioning Pakistan" before the game, while others argued, "Why accept defeat before the match? It's not like the game is against an invisible team, so why the fear?"

While a few fans claim that India's match is against John Cena, who uses the catchphrase 'You Can't See Me.' A few went further, remarking that such moves only humiliate those behind them.

This is not the first time controversy has marred an India-Pakistan clash. Recently, during the second edition of the World Championship of Legends (WCL), India Champions refused to play Pakistan not only in the league-stage fixture but also in the semifinal, citing heightened tensions between the two nations.—Agency

Pakistan make triumphant Asia Cup 2025 start with thumping win over Oman

DUBAI: Mohammad Haris's maiden half-century, followed by a collective bowling effort, led Pakistan to a resounding 93-run victory over Oman in the fourth match of the ACC Men's T20 Asia Cup 2025 here at the Dubai International Cricket Stadium on Friday.

Chasing a 161-run target, Oman's batting unit could yield 67 runs before getting bowled out in 16.4 overs and thus suffered a gruelling defeat in their maiden Asia Cup appearance.

Middle-order batter Hammad Mirza waged a lone battle for Oman, scoring 27 off 23 deliveries with the help of three fours and a six.

Besides him, only opening batter Aamir Kaleem (13) and number nine batter Shakeel Ahmed (10) could amass double figures against a ruthless Pakistan bowling attack.

For Pakistan, Saim Ayub, Sufiuyan Muqeem and Faheem Ashraf picked up two wickets each, while Shaheen Shah Afridi, Abrar Ahmed and Mohammad Nawaz chipped in with one scalp apiece.

Opting to bat first, Pakistan registered 160/7 in their allotted 20 overs despite the middle-order collapse.

The Green Shirts got off to a dismal start as their opener, Saim Ayub, fell for a golden duck on the second delivery of the innings with just four runs on the board.

Following the early setback, Haris joined opening batter Sahibzada Farhan in the middle, and the duo batted sensibly to launch a significant recovery by putting together 85 runs for the second wicket.The anchoring stand eventually culminated on the final delivery of the 11th over when Aamir Kaleem got Farhan caught and bowled. The right-handed batter walked back after scoring a run-a-ball 29, featuring one four.Kaleem made twin strikes in his next over, dismissing Pakistan captain Salman Ali Agha (zero) and mainstay Haris, who remained their top scorer with 66 off 43 deliveries, studded with seven fours and three sixes.

Meanwhile, experienced Fakhar Zaman, who had come out to bat at number four, was then involved in a brief 18-run partnership for the fifth wicket with Hasan Nawaz, who could score nine off 15 deliveries before falling victim to Faisal.

With the scoreboard reading 120/5 in 16.4 overs, in-form all-rounder Mohammad Nawaz joined Fakhar in the middle and played a blistering 19-run cameo off 10 balls, bolstering the total to 148/5 in 18.5 overs before Faisal drew curtains on his blitz.

Fakhar remained a notable contributor to Pakistan's total with an unbeaten 23 off 16 deliveries, featuring two fours.—Agency

Pakistani Women Rewrite History with Daring Bari La Peak Summit

KARACHI: A team of Pakistani women mountaineers made history this week by becoming the country's first all-women expedition to summit the 5,400-meter Bari La peak in Gilgit-Baltistan, the Alpine Club of Pakistan said.

The expedition, organised to mark the Golden Jubilee of the Alpine Club, included women from all four provinces as well as Gilgit-Baltistan, Azad Kashmir, and Islamabad.

The group reached the summit on September 10 after training and acclimatisation at the Sadpara Mountaineering Training School under the guidance of renowned climbers Sajid and Ashraf Sadpara.

The team was led by Bibi Afzoon and included Mona Khan, a journalist from Islamabad, along with Amina Shabbir of Islamabad, Maria Bangash from Khyber Pakhtunkhwa, Zeba Batool from Gilgit-Baltistan, Bisma Hassan and Iqra Jillani from Punjab, Laraib Batool from Balochistan, Madeeha Syed from Sindh, and Shahreen Khan from Islamabad.

The four-day expedition began on September 7 in Skardu, with the climbers camping at Deosai Top for acclimatisation and receiving hiking drills before making their push to the summit.

"This climb is not just about reaching a peak, but about empowerment and showing that Pakistani women can rise to any challenge," Alpine Club Vice President Karrar Haidri said.—Agency

Novak Djokovic Lifts Curtain on Fitness Secret at 38

Serbian tennis star Novak Djokovic has revealed the secret behind his incredible physique at 38, which has kept him still competitive among young players.

Djokovic, who has won a record 24 Grand Slams, is still competitive at the top level, having reached the semi-finals of all four majors this year, and giving tough times to the new undisputed kings of tennis, Jannik Sinner and Carlos Alcaraz.

During an interview, Djokovic revealed his daily routine, which keeps him competitive and way ahead of most young players at the age of 38.

"The very moment I wake up is always a prayer," Djokovic said.

"It's always an expression of gratitude first of all for being alive and having another chance to live that day.

"And then I would hydrate. I would take luke-warm water, lemon and salt. I would then take my hydration formula normally that I would want to hydrate myself with. Something more than just the water. Just to replenish the electrolytes, minerals - and get myself going.

"I like to have like fruits and smoothies, juice, or something to get some vitamin, multivitamin inside."

When he was asked about his favourite smoothie, the Serb added that mixed berries and dates are his favourite.

"Mixed berries, dates are my favourite. I love dates, dates all day! I would add some hemp seeds, different seeds and stuff like this. Superfoods, maca powder, spirulina - although not great tasting!" Djokovic added.

"I have a green powder blend where I have all these, like seaweeds, but they taste well because they're mixed with the other stuff, so I put a scoop of that in and I'm happy that it hides the horrible flavour."

Novak Djokovic then revealed his caffeine intake and hobbies other than tennis to keep himself active and fit.

"And no, no, I don't take coffee. I would maybe drink a green tea every once in a while that has caffeine," he said.

Then I would start to do, if I don't necessarily have a tennis practice and I don't have an obligation to train, I still want to be active, I still want to be outdoors for my wellness as well. I love to be swimming in the sea, biking, hiking, running, jogging.—Agency

Rookie Harry Ford Shines as Mariners Edge Angels in 12-Inning Thriller

SEATTLE: Pinch hitter Harry Ford delivers a winning run with a sacrifice fly in a pressure situation with no outs and the bases loaded in the 12th inning as the Seattle Mariners beat the Los Angeles Angels 7-6 in a thriller here at T-Mobile Park.

Mike Trout smashed his 399th career homer in the fifth, tying in 4-4 after falling 4-0 behind in the second, and Logan Davidson hit his first homer of the Major League Baseball (MLB) for the Angels (69-78).

The Mariners (79-68) have now pulled level with the Houston Astros atop the American League West with their sixth in a row.

The Los Angeles went ahead 6-5 in the top of the 12th when Matthew Lugo scored on a single.

Jorge Polanco of the Mariners led off the bottom half with a double down the left field line against reliever Sammy Peralta (0-1) to score Josh Naylor, who opened the inning as the runner at second.

Peralta then issued an intentional walk to Eugenio Suarez, and pinch-hitter Victor Robles followed it with a bunt single to load the bases.

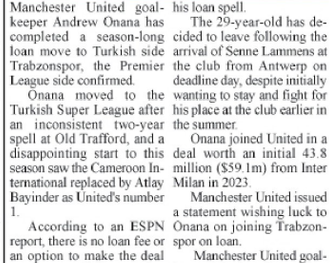

Ford, a rookie playing his fourth game, lifted the next pitch to right, scoring Polanco and collecting his first career RBI.

Jose Castillo of the Mariners collected the victory.

Bryce Miller allowed four runs on six hits, striking out a career-high 11 in five and two-thirds innings for the Mariners.

Angels' starter Jose Soriano permitted four runs (three earned) on five hits, walked three and struck four in the four innings he pitched.—Agency

Manchester United Keeper Andrew Onana Seals Shock Loan Move to Trabzonspor

Manchester United goalkeeper Andrew Onana has completed a season-long loan move to Turkish side Trabzonspor, the Premier League side confirmed.

Onana moved to the Turkish Super League after an inconsistent two-year spell at Old Trafford, and a disappointing start to this season saw the Cameroon International replaced by Atlay Bayinder as United's number 1.

According to an ESPN report, there is no loan fee or an option to make the deal permanent, which means that Onana will return to Manchester next summer. The sources also confirm that United will not have to pay any of Onana's wages during his loan spell.

The 29-year-old has decided to leave following the arrival of Senne Lammens at the club from Antwerp on deadline day, despite initially wanting to stay and fight for his place at the club earlier in the summer.

Onana joined United in a deal worth an initial 43.8 million ($59.1m) from Inter Milan in 2023.

Manchester United issued a statement wishing luck to Onana on joining Trabzonspor on loan.

Jessica Chastain Stuns Fans With Surprising Reason Behind Pursuing Master's Degree

Jessica Chastain has recently opened up about the reason for pursuing her Master's degree at Harvard University.

During an interview with E! News, the Hollywood actress candidly discussed what she is learning from her classes and how it's impacting her life.

Sharing her favourite subject, she told the outlet, "I love negotiation. The thing I love the most about negotiation, we had a class about resolving conflict, and right now, we're in a time where it feels like no one's talking to each other."

Reflecting on what she learned from the negotiation, Chastain said, "There's so much division. But if you start from a place of agreement, no matter who you are, there can be one thing that each party agrees on, right?"

"If we can start from there and give each other the benefit of the doubt that each side, each person, wants positivity for humanity. If you give each other the benefit of doubt and start with what you have in common, I think that's the only way we can get out of this mess we're in," the Interstellar actress explained.

Revealing for completing her master's degree, Jessica Chastain concluded, "I just like to be challenged and learn, and exercise my brain in a new way. And I was really surprised by the classes that I'm responding to."

For those unversed, she is studying for her Master of Public Administration (MPA) program at Harvard University. While she is in the process of completing this graduation degree, she is not yet done.

TANDO BAGO: Hundreds of shade trees that were planted along the Tando Bago-Badin road during the tenure of former National Assembly Speaker Fahmida Mirza are reportedly being cut down and sold by some individuals from a specific community. Residents say that after recent rains, the pace of tree cutting has increased, and the fallen trees are being sold in nearby towns like Badin and Wahunai Mori. Despite earlier arrests by Tando Bago police of certain wood thieves and timber buyers, those cases did not result in long-term accountability, and tree cutting has resumed. Locals are appealing to the Chief Minister of Sindh and Deputy Commissioner Badin to immediately stop this damage, arrest those responsible, and protect the government's tree plantations, expressing concern over rising pollution and loss of green cover in their area.

SATURDAY SEPTEMBER 13 2025

At UN, Pakistan Slams Israel's Aggression On Qatar Strikes As Part Of Broader Pattern

ISLAMABAD: Pakistan's Permanent Representative to the United Nations, Asim Iftikhar, on Friday assailed Israel's strike on Qatar, terming it a violation of international law and the UN Charter.

Speaking at the United Nations Security Council's (UNSC) emergency meeting on the Middle East, Iftikhar said the attack was not only an assault on a sovereign country but also a blow to international peace and security.

"This reckless and provocative attack constitutes a flagrant violation of the sovereignty and territorial integrity of Qatar, contrary to the fundamental principles of international law, including the UN Charter," the envoy remarked.

Ambassador Iftikhar further added: "At a time when delicate negotiations on the Gaza peace deal were progressing towards a possible breakthrough, striking the territory of a principal mediator and those directly involved in negotiations is a deliberate attempt to sabotage diplomacy, derail peace efforts, and prolong the suffering of civilians".

The UNSC condemned the strikes on Qatar's capital Doha but did not explicitly name Israel in its statement, which was supported by all 15 members, including the United States.

In his UNSC address, Iftikhar reaffirmed Pakistan's support for Qatar's mediation role in the Middle East and reiterated Islamabad's backing of a two-state solution. He said Israel's aggression undermined both regional stability and prospects for a just and lasting peace.

"This brazen and illegal assault is not an isolated incident, rather it is part of a broader and consistent pattern of aggression and violation of international law by Israel.

"Pakistan stands shoulder to shoulder with Qatar," he added, warning that violations of international law and peace must not be ignored.

"It is evident, that Israel, the occupying power is bent on doing everything to undermine and blowup every possibility of peace. Clearly, Israel's destructive policies are incompatible with the international community's quest for peace and stability. Sadly, it has been emboldened by the weak response, and inaction by this Council," the diplomat lamented.While speaking on the water dispute, Iftikhar also raised concerns over the Indus Waters Treaty (IWT), emphasising that water should never be used as a weapon. He underlined that the treaty, in place for more than six decades, remained Pakistan's lifeline and could not be suspended unilaterally by any party.—RT/Agency

UK Commits £3m In Flood Aid For Pakistan

ISLAMABAD: The United Kingdom on Friday announced £3 million in emergency aid to support Pakistan's relief efforts amid the ongoing floods in the country.

According to the Foreign Office, UK High Commissioner Jane Marriott met Deputy Prime Minister and Foreign Minister Senator Mohammad Ishaq Dar and expressed the UK's solidarity with Pakistan in responding to the devastating impacts of the floods and the ongoing monsoon season.

She highlighted that the £3 million aid would support emergency relief and response efforts, with additional humanitarian assistance for recovery to follow, in coordination with the Pakistan government and the National Disaster Management Authority (NDMA).

The deputy prime minister appreciated the timely commitment and the UK's understanding of the scale of devastation and urgent needs, and conveyed gratitude for the UK's support in relief and recovery efforts.

Both sides also discussed bilateral relations, the importance of high-level exchanges, and recent regional and international developments.

Meanwhile, the Provincial Disaster Management Authority (PDMA) has issued a detailed report highlighting the devastating impact of floods across Punjab, with millions affected and relief operations underway.

According to the PDMA report, widespread flooding has affected 4,489 villages across Punjab, impacting more than 4.49 million people, according to the latest report from

The report stated that 672 villages along the Sutlej River and 1,482 along the Ravi River were inundated. Around 2.45 million people have been shifted to safe locations, while 396 relief camps, 490 medical camps, and 405 veterinary camps have been set up in affected districts.

The floods also forced the relocation of more than 1.9 million livestock. Meanwhile, Mangla Dam has reached 92% of its capacity, while Tarbela Dam is completely filled. On the Indian side, Bhakra Dam is 90% full, Pong 99%, and Thein 97%, the report added.—RT/Agency

Govt Approves Rs25.5bn Rescue Package For 11,000 Laid-Off Utility Stores Staff

ISLAMABAD: The government laid off all 11,406 employees of the Utility Stores Corporation effective September 1, offering over Rs25 billion severance package as part of a sweeping restructuring plan, official documents show.

The package covers the country's largest state-run retail chain's 5,229 regular employees (Rs13.18 billion set aside), 3,323 contract employees (Rs3.6 billion) and 2,854 daily wage workers (Rs2.71 billion). An additional Rs5.75 billion has been earmarked for organisational closure costs and support for widows of deceased employees.

Under the circular, permanent staff with two years or less remaining in service will receive gross pay for the remaining months. Employees with more than 20 years of service will receive two times their current basic pay for each completed year.

Those with fewer than 20 years may receive three current basic pays for each completed year or 1.25 times their running basic pay for remaining months of service — capped at 50 months — whichever is higher.

Contract employees will be paid as follows: running basic pay for each remaining month for staff with two or fewer years left; 30 running basic pay for employees with up to 16 years' service; and 35 running basic pay for those with more than 16 years.Daily wagers will receive a flat calculation based on a Rs37,000 benchmark. Rs37,000 for each remaining month for those with two or fewer years remaining; 15 × Rs37,000 (Rs555,000) for up to 10 years of service; 28 × Rs37,000 (Rs1,036,00) for those who had served for 10 to 15 years; and 30 × Rs37,000 (1,110,000) for those who had served USC for more than 15 years.The circular also instructs that pending salaries, wages and terminal dues admissible under USC service rules will be paid and that affected employees are being notified separately and will be helped to obtain NOCs from relevant departments so that the dues can be processed once federal funds are released.—RT/Agency

UN Endorses Declaration Backing Two-State Solution For Israel And Palestinians

US: The United Nations General Assembly (UNGA) overwhelmingly voted to endorse a declaration outlining "tangible, timebound, and irreversible steps" towards a two-state solution between Israel and the Palestinians ahead of a meeting of world leaders.

The seven-page declaration is the result of an international conference at the UN in July — hosted by Saudi Arabia and France — on the decades-long conflict. The United States and Israel boycotted the event.

US Strategy Falters As India Tilt Strains Relations With Pakistan

US: The United States strategy of leaning on India over Pakistan has been faltered.

According to details surfaced on Friday, despite being backed by the US frequently, India failed to become the trustable partner of it. The US magazine has emphasised with the historical facts that India has never fulfilled the expectations of the US.

The magazine said that Pakistan can once again bridge the gap between China and the US. Moreover, the magazine said that India has purchased the defence system from Russia. India has invested in Iran despite the US sanctions. The US singed a nuclear deal with India by ignoring the priorities of the New Delhi.

According to the magazine, the US will have to repose confidence in Pakistan. It has been said that showing confidence in India might put the region on the verge of further escalation.

The magazine said that US President Donald Trump has acknowledged the measures taken by Pakistan to end the menace of terrorism and reduce tensions with India.

The US investment in the project, like Reko Diq, will bring stability to the region. Both the US and Pakistan will reap the benefits from the power and trade agreements.—RT/Agency

Govt Stands Firm On PTI Committee Resignations Strategy

ISLAMABAD: The government has finalised its strategy regarding the issue of the Pakistan Tehreek-e-Insaf (PTI) members' resignations from the standing committees.

According to details surfaced on Friday, the decision of National Assembly Speaker Ayaz Sadiq not to accept the resignations of opposition members remained unchanged, and government members have been directed to ensure the quorum is met.

Standing committee meetings will continue as usual in the absence of PTI members. The Speaker has issued instructions to the Assembly Secretariat in this regard. According to sources, in the absence of an opposition chairman, the convener will chair the meetings.

Government members have been directed to ensure quorum for the committee meetings.

The Speaker said the work of standing committees will not be disrupted by the opposition's resignations. It is necessary for the committees to remain active for legislative work and parliamentary oversight.—RT/Agency

CJP Afridi Bars Justice Mansoor From Yale Conference Trip

ISLAMABAD: Chief Justice of Pakistan (CJP) Yahya Afridi has once again refused to grant Justice Mansoor Ali Shah a no-objection certificate (NOC) to attend an international event abroad.

Last month, Yale Law School in the United States invited Justice Mansoor to participate in a conference — "Global Constitutionalism 2025" — scheduled for September 10 to 13, The News reported.

It was learnt that the school has been inviting Justice Mansoor to the conference for the past five years. The gathering is attended by senior judges from around the world as well as renowned scholars from Yale, Harvard and Princeton universities.

Sources said that Justice Mansoor was scheduled to present a paper on artificial intelligence and the judiciary at the event. Yale Law School had also made a formal written request to the CJP to officially nominate Justice Mansoor.

On August 6, Justice Mansoor himself submitted the same request to the chief justice. Sources revealed that the Supreme Court Registrar office conveyed in its response to the school that the new judicial year would begin on September 8, marked by a full-court session in which the annual programme is reviewed.

The office had further informed the school that this session, along with key institutional events and interactions with the legal community, has become a tradition. It added that the participation of all judges in the opening ceremony of the new judicial year is essential for collective deliberation, setting priorities, and determining the institutional direction.

In these circumstances, the Registrar Office conveyed that the Supreme Court was not in a position to facilitate Justice Mansoor's participation in the event.

Sources said that Justice Mansoor, in a letter dated August 15, once again requested the chief justice to issue him the NOC, citing several reasons why it should be granted. Earlier, in February, Justice Mansoor's request for leave to attend arbitration events in Saudi Arabia was also denied, forcing him to cancel his trip.—RT/Agency

Fazlur Rehman Calls For Islamic Defense Bloc To Counter Israel

KARACHI: Jamiat Ulema-e-Islam (F) chief Maulana Fazlur Rehman has said that if Pakistan's armed forces possess the strength to counter India within hours, then they also have the power to confront Israel in a similar manner.Addressing the "Khatm-e-Nabuwwat and Defence of Pakistan Conference," Fazlur Rehman said the Muslim Ummah is facing challenges on multiple fronts. He stressed the need for Muslim nations to unite under a joint defense agreement and proposed the creation of an Islamic bloc to collectively safeguard Islamic interests.

He urged Muslim rulers to use such a defense pact for the liberation of Baitullah, emphasizing that unity was the only way to counter global threats. Criticizing the two-state solution narrative, Fazlur Rehman warned that Israel harbors ambitions of encroaching on the Haramain Sharifain, and therefore, Muslim nations must adopt a stronger and more united stance.—RT/Agency

Singapore Pledges $50,000 Aid For Pakistan Flood Victims

ISLAMABAD: The Government of Singapore on Friday announced a contribution of $50,000 in humanitarian assistance for the people of Pakistan affected by devastating floods.

According to a statement from Singapore's Ministry of Foreign Affairs, the amount will serve as seed money to support the Singapore Red Cross (SRC)'s public fundraising efforts for the humanitarian crisis caused by the floods in Pakistan.

The ministry said the Singapore government's contribution will supplement the SRC's own pledge of $50,000 to support the immediate needs of affected communities. It also conveyed its deepest condolences to the families of the flood victims.

In a statement, the Pakistan Embassy in Singapore said the contribution reflected Singapore's solidarity with the people of Pakistan during this difficult time and would support ongoing relief and recovery efforts to assist affected families and communities.—RT/Agency

Former CJ Karki Named Nepal's First Female Leader After Unrest

KATHMANDU: Sushila Karki, a former chief justice, will become the first woman to lead Nepal, to be sworn in as interim leader later on Friday after violent anti-graft protests forced Prime Minister KP Sharma Oli to resign, the president's office said.

President Ramchandra Paudel's office announced Karki's appointment following negotiations between Paudel, army chief Ashok Raj Sigdel and the protesters who led Nepal's worst upheaval in years.

Fifty-one people were killed and more than 1,300 injured this week in the anti-graft protests by the "Gen Z" movement, named for the age of its mainly young supporters.

The protest was sparked by a social media ban that has since been rolled back. The violence subsided only after Oli resigned on Tuesday.

Karki, 73, would take the oath of office at 9:15pm local time, said Archana Khadka Adhikari, information officer at the president's office.

Two other ministers would also be sworn in along with her, local TV channels reported.

The only woman to have served as chief justice, Karki was the preferred choice of the protesters who cite her reputation for honesty and integrity and a stance against corruption.

She held the top judicial post for about a year until mid-2017.—RT/Agency

Chahat Fateh Ali Khan Explodes At UK Restaurant Over 'Deceptive Egg Attack Video'

LONDON: Viral sensation Chahat Fateh Ali Khan has vowed legal action against a Blackburn restaurant after it released footage of him being egged—months after claiming no such video existed. The attack, carried out by masked men on June 19, left Chahat shaken and unwell for days. Furious over the restaurant's denial and belated Instagram post, the singer accused its management of staging the drama for publicity. "They lied to me and used my humiliation for views," he said. Chahat now plans to sue, warning he will "shut down their business" while receiving overwhelming support from Pakistani showbiz stars.-RT
