PM Shehbaz to Join Emergency Arab-Islamic Summit in Qatar on Palestine Crisis

ISLAMABAD: Prime Minister Shehbaz Sharif will depart for Doha on September 15 to participate in the Emergency Arab-Islamic Summit, diplomatic sources confirmed on Saturday. The high-level gathering has been convened with Pakistan's support to address the worsening situation in Palestine following recent Israeli airstrikes and rising hostilities in the region.

According to officials, the summit will bring together leaders, heads of government, and senior representatives from member states of the Organisation of Islamic Cooperation (OIC). The agenda will primarily focus on Israel's ongoing military aggression, its efforts to expand illegal settlements in the occupied West Bank, and the forced displacement of Palestinian families.

Prime Minister Sharif is expected to reiterate Pakistan's unwavering support for the Palestinian cause and call for immediate action to halt Is-

raeli attacks. Sources said he will emphasize the need for a unified Muslim response, humanitarian assistance for affected families, and stronger diplomatic pressure to ensure accountability under international law.

The Prime Minister is also likely to hold bilateral meetings with leaders of key Arab and Islamic countries on the sidelines of the summit. These discussions are expected to cover not only the Palestinian crisis but also regional peace, security, and cooperation within the Muslim world.

The Emergency Arab-Islamic Summit comes at a critical moment as Israeli airstrikes continue to devastate civilian areas, leaving thousands displaced and triggering calls for urgent global intervention. Analysts believe the Doha meeting will test the collective resolve of Islamic nations to counter ongoing violations and to advocate for an immediate ceasefire.

45 Indian-Backed Terrorists Killed, 19 Soldiers Martyred in KP Operations

ISLAMABAD: At least 19 soldiers were martyred and 45 terrorists belonging to the Indian proxy Fina al-Khawarij were killed in three separate operations in Khyber Pakhtunkhwa (KP) from September 10-13, the Inter-Services Public Relations (ISPR) said in a statement on Saturday.

According to the military's media wing, the engagements took place between September 10 and 13.

In Bajaur, security forces launched an intelligence-based operation (IBO) after reports of militant presence. "Our troops effectively engaged the location, and after an intense fire exchange, 22 terrorists were killed," the communique read.

"In a separate operation in South Waziristan, 13 more militants were killed," the military's media wing said, adding

that at least 12 soldiers also embraced martyrdom during an intense fire exchange.

"Weapons and ammunition were also recovered from Indian-sponsored terrorists, who remained actively involved in numerous terrorist activities in these areas," it added.

The statement further said intelligence reports confirmed the involvement of Afghan nationals in the attacks.

against Pakistan," the ISPR statement further read.

The military said sanitisation operations are continuing in the affected areas to eliminate remaining threats, stressing that sacrifices of soldiers further strengthen our resolve to eradicate terrorism.

"Sanitisation operations are being conducted to eliminate any other Indian sponsored Kharij found in the area, as the security forces of Pakistan are determined to wipe out the menace of Indian-sponsored terrorism from the country, and such sacrifices of our brave men further strengthen our resolve," the statement concluded.

Separately, on Sept 11, the security forces conducted an intelligence-based operation in the general area Lal Qilla

Maidan of Lower Dir District, the ISPR said.

"During the conduct of operation, own troops effectively engaged the Kharij location, and after an intense fire exchange, 10 Indian sponsored Kharij were [killed]," it added.

However, during intense fire exchange, seven soldiers, Naik Abdul Jalil (resident of District North Waziristan), Naik Gul Jan (resident of District Lakki Marwat), Lance Naik Azmat Ullah (resident of District Lakki Marwat), Sepoy Abdul Malik (resident of District Khyber), Sepoy Muhammad Amjad (resident of District Malakand), Sepoy Muhammad Dawood (resident of District Swabi), Sepoy Fakir Qayum (resident of District Dera Ismail Khan) embraced martyrdom.—RT/Agency

PM Shehbaz Pushes IMF Relief on Power Bills for Flood Victims

ISLAMABAD: Prime Minister Shehbaz Sharif has instructed the Ministry of Finance to seek relief from the International Monetary Fund (IMF) in electricity bills for flood-affected communities across the country.

According to official sources, the prime minister directed the ministry to open talks with the IMF on granting a one-month exemption from electricity bills for residents of flood-hit areas.

He emphasised the urgency of the matter, urging the finance ministry to engage with the IMF at the earliest to secure the relief, which is intended to provide immediate assistance to those affected by the recent floods.

Officials said the proposed relief would cover all flood-hit regions, whether urban or rural, ensuring broad-based assistance to households suffering from the disaster. Meanwhile, the Punjab government requested the federal government to deploy Pakistan Army personnel for conducting post-flood damage surveys across the province.

In a letter to the Ministry of Interior, the Punjab Home Department said that floods had

caused widespread loss of lives, property, crops, livestock, and infrastructure, making a comprehensive survey essential for transparent assessment and fair compensation.

To ensure public cooperation, security, and credibility of the process, the provincial government has asked for 1,710 army personnel to be deployed in 25 flood-affected districts, similar to arrangements made during the 2022 floods.

According to the request, 1,710 survey teams have been formed, each including an army representative along with civil officials. The Punjab Disaster Management Authority (PDMA) will bear expenses related to the army's deployment and logistics. The districts where personnel are being sought include Bahawalpur, Chiniot, Faisalabad, Gujarat, Hafizabad, Jhang, Kasur, Khanewal, Lahore, Lodhran, Mandi Bahauddin, Multan, Muzaffargarh, Nankana Sahib, Narowal, Okara, Pakpattan, Sahiwal, Sargodha, Sheikhupura, Sialkot, Toba Tek Singh, Vehari, and Wazirabad.—RT/Agency

President Zardari Backs China's Vision of Global Mutual Learning

ISLAMABAD: President Asif Ali Zardari on Saturday highlighted Pakistan's full support for China's vision of "civilisation exchange and mutual learning".

The president made the remarks while addressing the Second Golden Panda Awards International Culture Forum in Chengdu, Sichuan Province, China.

The forum was attended by senior Chinese leaders, cultural representatives, artists and international delegates.

President Zardari highlighted the power of art and culture in uniting people and connecting civilisations.

He emphasised the significance of the Global Development Initiative (GDI), the Global Security Initiative (GSI), and the Global Governance Initiative (GGI), noting their focus on sustainable development, regional stability, and more inclusive international cooperation.

The president reaffirmed Pakistan's readiness to work with China and other nations to expand cultural exchanges, strengthen creative industries and promote understanding and a culture of tolerance.

He said culture remained a vital bridge to peace, prosperity and a shared future for humanity.

President Zardari underlined that the enduring Pakistan-China friendship stood as a model of mutual respect and cooperation.

As the two countries prepare to celebrate the 75th anniversary of diplomatic ties next year, he recalled that this partnership remained not only strategic but also a living testimony of the deep bonds of friendship between their peoples.

He underscored the importance of the GGI, which promoted respect for the diversity of civilisations, equality among cultures, people-to-people exchanges, and cultural dialogue as a counter to narratives of a "clash of civilisations".

The president observed that the world was undergoing dramatic changes and praised China under President Xi for offering a path of cooperation and win-win solutions instead of confrontation.

He said that he was immensely impressed by how these initiatives served the common values of humanity.

President Zardari congratulated the award winners and appreciated their creativity, noting that such artistic endeavours transcend borders and bring people together through shared human values.

He expressed gratitude to the government of Sichuan Province, the China Federation of Literary and Art Circles, and the organisers for hosting the Forum.

On this occasion, the president thanked Li Shulei, Member of the Political Bureau and Secretariat of the Communist Party of China Central Committee, and Minister of the Publicity Department of the CPC Central Committee, for his warm hospitality in Sichuan.—RT/Agency

Trump Hosts Qatari PM in Wake of Dastardly Israeli Attack on Doha

NEW YORK: US President Donald Trump held dinner with the Qatari prime minister in New York, days after US ally Israel attacked Hamas leaders in Doha.

Israel attempted to kill the political leaders of Hamas with an attack in Qatar on Tuesday, a strike that risked derailing US-backed efforts to broker a truce in Gaza and end the nearly two-year-old conflict. The attack was widely condemned in the Middle East and beyond as an act that could escalate tensions in a region already on edge.

Trump expressed annoyance about the strike in a phone call with Israeli Prime Minister Benjamin Netanyahu and sought to assure the Qataris that such attacks would not happen again.

Trump and Qatari Prime Minister Sheikh Mohammed bin Abdulrahman al-Thani were joined by a top Trump adviser, US special envoy Steve

Witkov. "Great dinner with POTUS. Just ended," Qatar's deputy chief of mission, Hamah Al-Muftah, said on X.

The White House confirmed the dinner had taken place but offered no details. The session followed an hour-long meeting that al-Thani had at the White House with Vice President JD Vance and Secretary of State Marco Rubio. A source briefed on the meeting said they discussed Qatar's future as a mediator in the region and defence cooperation in the wake of the Israeli strikes against Hamas in

Doha. Trump said he was unhappy with Israel's strike, which he described as a unilateral action that did not advance US or Israeli interests. Washington counts Qatar as a strong Gulf ally. Qatar has been a main mediator in long-running negotiations for a ceasefire between Israel and the Palestinian group Hamas in Gaza, for the release of Israeli hostages held in Gaza and for a post-conflict plan for the territory. Al-Thani blamed Israel on Tuesday for trying to sabotage chances for peace but said Qatar would not be deterred from its role as mediator.—RT/Agency

Field Marshal Warns Pakistan Can't Bear Annual Losses, Urges Civil-Military Unity Against Flooding

ISLAMABAD: Chief of Army Staff (COAS) Field Marshal Syed Asim Munir has said that the state cannot bear the loss of precious lives and properties every year, the Inter-Services Public Relations (ISPR) said on Saturday as devastating floods continue to wreak havoc across the country.

The statement came during the army chief's visit to the Kasur Sector and the Flood Relief Camp in Jalalpur Pirwala, Multan, to review the prevailing flood situation and ongoing relief efforts. The military's media wing said that the visit to flood-af-

affected areas of Kasur and Multan focused on enhancing synergy between the civil administration and the military to ensure effective assistance for the affected population. Punjab Chief Secretary Zahid Akhtar Zaman and other senior officials of the civil administration

were also present on the occasion, a statement released by the ISPR read. During the visit, COAS received a detailed briefing on the ground situation, including details of the rescue and relief operations being conducted in the flood-affected areas.—RT/Agency

North Waziristan Locked Down Under Two-Day Curfew Amid Security Fears

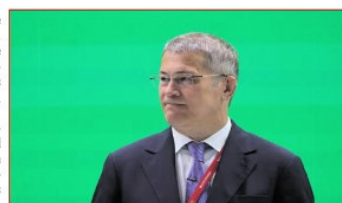

NORTH WAZIRISTAN: Authorities have imposed a two-day curfew in District North Waziristan of Khyber Pakhtunkhwa province due to security concerns, according to an official notification issued by the Deputy Commissioner's office on Saturday.

The notification confirmed that the curfew will remain in force throughout Saturday and Sunday. During this period, all types of civilian movement will be strictly prohibited across the district. Security forces have been deployed at key entry and exit points to ensure compliance and to prevent any untoward incident.

As part of the restrictions, all markets, commercial centres, and shops will remain

closed until the curfew is lifted. The district administration has warned that violators will face strict legal action, including possible arrests and penalties under relevant laws. Officials emphasised that these measures have been taken in the larger interest of public safety and security. Residents have been advised to remain indoors and avoid unnecessary travel. The district administration has also urged citizens to extend full cooperation during this period, stressing that the temporary inconvenience is necessary to maintain peace and order. Local announcements were made across different areas of North Waziristan to inform the population about the curfew hours and guidelines.—RT/Agency

Drone Strike Ignites Blaze at Russian Oil Facility in Bashkortostan

UFA: A fire broke out at the facilities of the Russian oil company Bashneft in the Bashkortostan region on Saturday after what authorities described as a drone attack, regional officials confirmed.

Governor of Bashkortostan, Rady Khabirov, said in a statement on Telegram that the company was targeted by aircraft-type drones in what he labelled a "terrorist attack."

He noted that one of the drones was intercepted and shot down over the production site, which subsequently triggered a fire. Emergency services were quickly dispatched, and the blaze was brought under control without major damage.

According to Khabirov, the facility sustained only limited harm, and no casualties were reported among employees or residents in the surrounding area. "Our emergency response teams worked swiftly, and the situation is now stable. The safety of our citizens remains the highest priority," he said.

A second drone was also neutralized by security forces before it could strike

its intended target, the governor added. While the source of the drones was not directly specified, Khabirov did not mention Ukraine in his official remarks.

Unverified footage shared across local Telegram channels appeared to capture the moment of impact. In the videos, a flying object can be seen approaching the facility before a massive fireball erupted, lighting up the sky and sending thick smoke over the industrial zone. Social media users claimed the footage was taken near Ufa, the capital city of Bashkortostan.

Ufa, a major industrial hub, lies around 1,400 kilometres (870 miles) from the Ukrainian border, highlighting the deep reach of drone

attacks inside Russian territory. The incident has once again underscored growing concerns over the vulnerability of critical energy infrastructure in the region.

Russian security and intelligence agencies are expected to launch an investigation into the origins of the drones and the attackers behind the strike. Analysts note that such attacks, while rare at this distance from the frontline, have intensified in recent months as the conflict continues. Despite the disruption, Bashneft has assured that oil production and operations remain largely unaffected. Authorities confirmed that repair work would begin immediately to restore the damaged section of the facility.—RT/Agency

Marriyum Aurangzeb Visits Flood-Ravaged Alipur, Reviews Ongoing Rescue Efforts

ALIPUR: On the instructions of Punjab Chief Minister Maryam Nawaz Sharif, Senior Minister Marriyum Aurangzeb arrived late at night in the flood-affected areas of Alipur, where she observed the ongoing rescue operations for the victims.

Severe floodwaters have caused widespread destruction in Alipur and surrounding areas, submerging numerous villages and leaving hundreds of people stranded in affected regions.

The senior minister made an emergency visit to Seetpur and Latti Mari,

directing the on-ground administration to accelerate relief efforts immediately. During her visit, the evacuation of flood victims continued under her direct supervision, while rescue operations using boats and rafts were being carried out for those trapped in remote areas.

At Panjnad, she was given a detailed briefing on the flood situation, the condition of affected areas, and the evacuation operations. She personally departed for Seetpur with relief supplies, tents, food, and clean drinking water to ensure timely aid delivery to affected families.—RT/Agency

Indus River Surges as Sindh Braces for Escalating Flood Threat After Punjab Havoc

MULTAN: Flood devastation continues to escalate across Punjab and Sindh, with major rivers breaching embankments and displacing millions.

Rising waters from the Indus River at Guddu Barrage have now triggered a high-level flood warning, with downstream areas at imminent risk.

The floodwaters are now surging south toward Sindh. The province, which faced catastrophic flooding in 2022, is once again under threat. The Indus River at Guddu Barrage is seeing flows rise to 537,000 cusecs—classified as a high-level flood. By September 15, extremely high

flood conditions are expected.

Water levels are also increasing at Sukkur and Kotri Barrages, with Sukkur recording inflows of 460,000 cusecs and a low-level flood at Kotri. In Rajanpur and Chachran Sharif, water levels continue to rise, reaching 11.4 feet.

The flood surge from Head Panjnad has reached Kot Mithan, intensifying the crisis in nearby katcha areas.

Although the flow at Head Panjnad has decreased to 633,000 cusecs, it remains at an extremely high flood level. In Alipur's katcha region of Malan

Wali, residents have been forced to relocate due to encroaching waters.

In Punjab, the River Chenab has already caused widespread destruction in Jalalpur Pirwala and has now moved towards Shujabad. A 250-foot breach in a protective embankment near Shujabad has allowed floodwaters to advance toward the city, submerging dozens of villages and forcing thousands to flee their homes.

In the village of Dhowandho, a collapsed embankment has resulted in 138 settlements being submerged. Crops in Basti Gagan have been completely destroyed, and mass displacement is ongoing.—RT/Agency

Peshawar Board Class 11 Results Reveal Only 44 Percent Pass Rate

PESHAWAR: The Peshawar Board of Intermediate and Secondary Education has announced the results of the Class 11 examinations, recording a pass percentage of only 44 percent.

A total of 66,695 students appeared in the annual examinations, of which 29,487 were declared successful, while 37,208 students failed in one or more subjects.

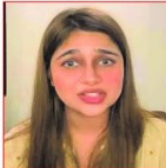

According to the official statistics, less than half of the candidates managed to clear the examinations. Out of the 66,695 students who sat for the exams, just 29,487 were able to secure

passing marks.

The board confirmed that 56 percent of the students will reappear in supplementary examinations under the annual exam number two. This large group consists mainly of those who failed in different subjects and will now have another chance to improve their performance.

In line with the existing education policy, even those who could not pass will still be promoted to Class 12. The decision is aimed at ensuring continuity in their academic journey, allowing them to remain enrolled and continue their studies despite the setback.—RT/Agency

Samiya Hijab and Hassan Zahid Reach Out-of-Court Settlement in Dispute

LAHORE: Social media influencer Samiya Hijab and Hassan Zahid, who is the suspect in her abduction case, have reached an out-of-court settlement, sources said on Saturday.

Complainant Hijab did not appear at today's hearing, while Zahid's lawyers withdrew bail pleas from the magistrate court, citing jurisdiction and submitted new ones in the district and sessions court in Islamabad.

Meanwhile, Additional Sessions Judge Amir Zia issued notices to both parties

and adjourned the case until September 15.

A day earlier, the local court in the federal capital sent Zahid to jail on judicial remand in the Hijab abduction case.

Zahid was produced before Judicial Magistrate Yasir Mahmood, where police sought a five-day physical remand for further investigation.

However, the court dismissed the police request and sent the suspect to jail on judicial remand.—RT/Agency

Marriyum Aurangzeb Declares Protection of Human Lives Govt's Top Priority

LAHORE: Senior Provincial Minister Marriyum Aurangzeb said that the government's focus in flood-affected areas is on saving human lives.

Speaking on Dunya News programme "Baat Niklay Gi", Marriyum Aurangzeb stated that timely relief efforts have saved millions of lives, and all institutions are working tirelessly to safeguard lives and livelihoods in

all affected areas. She said that, with the cooperation of the government

and local administration, food and tents are being provided to the flood-affected people. She said that helicopters are being used to deliver food to those stranded in floodwaters.

The senior minister further mentioned that water entered villages due to breaches in embankments, and government's foremost priority remains the protection of human lives.—RT/Agency

Govt Finalizes Crucial Agenda Ahead of High-Stakes Sept 26 JCC Meeting

ISLAMABAD: Pakistan is finalising the agenda for the upcoming Joint Cooperation Committee (JCC) meeting under CPEC, which includes seeking funding for the revised Rs502-billion Karakoram Highway (KKH) Phase-II project.

The JCC is scheduled to meet on September 26 in Beijing, with the wish

list, including KKH-II, Mainline (ML-I), and Eastbay Expressway, on the agenda.

"We are in the process of finalising the agenda of the JCC meeting and will finalise it next week," top official sources said.

Federal Minister for Planning Ahsan Iqbal said work was in progress

and would be finalised next week.

When asked about the revised cost of KKH-II, he said it was RMB 5.9 billion for 100km new alignment for section, which will be submerged into it. The realignment of KKH-II has escalated the project cost to Rs502 billion as approved by the Ecne.—RT/Agency

Govt Launches Aggressive Crackdown on Anti-State Social Media Networks

ISLAMABAD: The federal government has intensified its crackdown on anti-state campaigns being run on social media, with the National Cyber Crime Investigation Agency (NCCIA) playing a central role in identifying and prosecuting those involved.

According to official information, the NCCIA has so far registered 356 FIRs across Pakistan against individuals accused of spreading anti-state propaganda online. In addition, 789 enquiries have been initiated to investigate suspects engaged in posting content targeting state institutions.

During the recent Marka-

e-Haq campaign, when anti-army posts gained visibility on social media, the NCCIA registered 52 cases against individuals allegedly involved in spreading content against the armed forces.

Officials said that the agency also played a key role in assisting police during the investigation of the May 9, 2025 incident, in which social media was allegedly used to orchestrate attacks. By analysing digital footprints and old posts of suspects, investigators were able to establish evidence that led to the conviction of several accused in Lahore, Sangdaha, and Miranwali.—RT/Agency

Electric Bus Service to Roll Out in Gujranwala and Wazirabad Next Week

By Dr Mirza MB Qamar

GUJRANWALA: Chief Minister Maryam Nawaz Sharif has fulfilled her promise of providing modern, eco-friendly, and comfortable public transport by introducing electric buses in Gujranwala and Wazirabad, with the service set to launch next week. During a visit to the Wazirabad bus depot, Deputy Commissioner Gujranwala Naveed Ahmed inspected the newly arrived electric buses and highlighted the project's public benefits,

including reduced environmental pollution and affordable, safe travel. Secretary DRTA Ghulam Mustafa Ansari briefed officials on the planned routes and facilities. The initiative, part of broader reforms in the transport sector under the Chief Minister's vision, aims to modernize Punjab's infrastructure and prioritize citizen convenience. The project will be inaugurated by Chief Minister Nawaz Sharif and initially cover selected routes, which will expand based on public demand.

London Streets Erupt as Tens of Thousands Join Anti-Immigration March and Counter Protest

LONDON: Tens of thousands of protesters marched through central London on Saturday, carrying flags of England and Britain, for a demonstration organised by the anti-immigrant and anti-Islam activist Tommy Robinson.

Police have said they will have a huge presence in the British capital. A "Stand Up to Racism" counter protest is also due to meet nearby, following a highly charged summer in Britain that has seen protests over immigration and free speech.

By midday tens of thousands of protesters were packed into streets south of the River Thames, before heading towards Westminster, seat of the UK parliament. Demonstrators carried the

Union flag of Britain and the red and white St George's Cross of England, while others brought American and Israeli flags and wore the MAGA hats of US President Donald Trump.—Agency

Dera Allahyar Reels Under Months-Long Water Shortage, Residents Cry for Relief

By Inayatullah Hur

JAFFARABAD: Dera Allahyar is facing an acute water crisis for the past three months, leaving thousands of residents in distress. Citizens are desperate for even a drop of drinking water. Speaking to local journalists, President of Butchers Union Haji Sikandar Ali Gola strongly criticized the failure of elected representatives to deliver on their promises. He said that people are suffering from dual hardships—lack of employment and the daily struggle to find water. Women, children, and laborers are the worst affected, with students skipping school and households unable to carry out basic tasks. He added that the elected

MPA, who had promised agricultural water during elections, has gone missing from the public eye during this crisis. Citizens are now forced to travel long distances in search of water. Gola demanded immediate intervention from the district administration and Balochistan government to restore clean drinking water supply to the city and relieve people from these inhumane conditions.

PSL Franchise Fires Back at Punjab Kings Over Explosive Asia Cup Banner Row

Pakistan Super League (PSL) franchise Karachi Kings has issued a strong response to Indian Premier League (IPL) side Punjab Kings after the latter released a controversial promotional banner for the upcoming Pakistan-India clash at the Asia Cup 2025. The highly anticipated fixture is set to take place on Sunday at the Dubai International Cricket Stadium.

However, Punjab Kings' banner sparked outrage as it featured India's logo while conspicuously omitting Pakistan's, with the accompanying hashtag highlighting only India.

The move triggered widespread backlash from fans and cricket followers, who accused the IPL franchise of disrespect and political bias.

Social media was flooded with criticism, with some fans sarcastically suggesting, "Why accept defeat before the match? It's not like India is playing against an invisible team."

Others mocked the banner by comparing it to WWE star John Cena's catchphrase, "You Can't See Me," implying Pakistan's presence had been deliberately erased.

In response, Karachi Kings, the 2020 PSL champions, released their own creative poster.—Agency

Usman Tariq's Heroics Go in Vain as Royals Crush Riders in CPL 2025

BARBADOS: Barbados Royals secured a commanding seven-wicket victory over Trinbago Knight Riders in the Caribbean Premier League (CPL) 2025 at Kensington Oval, Bridgetown, despite a spirited effort from Riders' skipper Nicholas Pooran and Pakistan spinner Usman Tariq.

Batting first, Knight Riders managed 166-8, largely built around Pooran's gritty 45 off 44 balls, which featured three fours and a six.

Veteran Kieron Pollard chipped in with 36 off 25, while Akeal Hosein provided late fireworks with a six-ball 23 that included one four and three sixes.

The Royals' bowlers kept things tight, with Chris Green starring through remarkable figures of 3/9 in his four overs. Ramon Simmonds and Daniel Sams picked up two wickets apiece, while Sherfane Rutherford claimed one.

In reply, the Royals comfortably chased down the target in 19 overs, losing only three wickets.

Openers Quinton de Kock and Kadeem Alleyne laid the platform with an 87-run stand. De Kock struck a fluent 55 off 35 balls, laced with three fours and three sixes, while Alleyne added 36 off 27.—Agency

Pakistan Test Batter Hails Babar Azam as Incomparable Amid Fakhar Debate

Pakistan Test batter Fawad Alam has responded to Fakhar Zaman's recent remarks praising young left-handed batter Saim Ayub, in which Fakhar called him the "updated version" of Babar Azam.

During a recent interview with a local news platform, Fawad dismissed the comparisons with Babar, calling them unfair and undermining his consistent performances.

He highlighted Babar's achievements across all three formats and noted that his talent was evident even in domestic cricket before he became a mainstay in the national team.

"In my opinion, such things shouldn't be said — you can't compare anyone with Babar Azam," Fawad stated.

"Babar has delivered outstanding performances in all three formats, and when he played so many matches, he had numerous remarkable performances. Even now, and even in domestic cricket, I've seen that no one in the current team comes close to him." Recently, in a video released by the Asian Cricket Council (ACC), Fakhar praised Ayub, comparing him to the 30-year-old, who has earned Pakistan numerous accolades, including multiple International Cricket Council (ICC) awards, through his exceptional batting.—Agency

Nissanka, Mishara Fire Sri Lanka Past Bangladesh in Asia Cup 2025

ABU DHABI: Sri Lanka outclassed Bangladesh with a fiery batting masterclass, storming to victory in the fifth match of the ACC Men's Asia Cup 2025 at Sheikh Zayed Cricket Stadium on Saturday.

Chasing a modest 140-run target, the Islanders made light work of the Tigers' bowling attack, racing home in just 14.4 overs. Pathum Nissanka's sparkling 50-run knock set the tone, while Kamini Mishara's unbeaten 46 sealed the emphatic triumph as Sri Lanka finished at 140 for 4.

Earlier, Bangladesh endured a nightmare start after being put in

to bat. They were left reeling at 2/2 inside two overs, losing both openers Tanzid Hasan and Parvez Hossain Emon for ducks. The collapse deepened when Towhid Hridoy was run out cheaply, piling pressure on skipper Litton Das.

Das tried to anchor the

innings with a gritty 28 off 26 balls but fell to Wanindu Hasaranga in the 10th over. Reduced to 53/5 in under 10 overs, the Tigers looked destined for humiliation.

However, a fighting six-wicket stand between Shamim Hossain (42 off 34) and Jaker

Ali (41 off 41) resurrected Bangladesh's innings, steering them to 139/5. Their partnership of 86 runs off 61 balls gave the bowlers something to defend. But Sri Lanka's chase was relentless. Boundaries flowed as Nissanka and Mishara dismantled the Bangladesh attack, leaving no room for a comeback.

Hasaranga's earlier spell of 2/25 and disciplined bowling from Chameera and Thushara ensured Bangladesh's total was never enough. With this commanding win, Sri Lanka has sent a loud warning to rivals: they mean business in Asia Cup 2025.—Agency

South Africa Humiliate New Zealand With Record-Breaking Defeat

New Zealand suffered their biggest defeat in history as they were beaten 43-10 by South Africa in the Rugby Championship in Wellington.

World champions South Africa produced a stunning display, which included six tries and 36 unanswered second-half points, as they bounced back from defeat by the All Blacks a week ago.

New Zealand's previous heaviest defeat was a 35-7 loss to the Springboks at Twickenham in 2023.

Australia lead the Rugby Championship on 11 points, one point clear of South Africa and New Zealand and two ahead of Argentina.

"I give credit to my boys - we didn't give up. And to the coach (Rassie Erasmus) as well," said South Africa captain Siya Kolisi.

"We played fearlessly. We didn't want to hold back. We knew what we needed to do and we believed in ourselves - that was the most important thing out there."

South Africa made a strong start at the Wellington Regional Stadium but were denied a try following a brilliant Jordie Barrett tackle on Cheslin Kolbe.

RG Snyman did go over for South Africa, only to have the effort ruled out.

New Zealand responded through debutant Leroy Coker, who scored after a well-worked move.

South Africa drew level when Kolbe intercepted a pass in his own half before sprinting clear.

A Damian McKenzie penalty restored New Zealand's lead but, from there on, it was all South Africa.

Saim Ayub Stresses Tournament Focus, Brushes Aside India Rivalry Hype

DUBAI: Pakistan opener Saim Ayub has urged focusing on the bigger picture ahead of the highly anticipated Group A clash against arch-rivals India at the iconic Dubai International Cricket Stadium.

While the India-Pakistan rivalry always grabs headlines, Saim emphasised that the team's primary goal is winning the tournament, not dwelling on past encounters.

Speaking during the pre-match press conference, he elaborated on team trust and long-term planning.

"As a team, we all trust each other, and it's a long-term process. We are moving forward by trusting one another so that every player stays confident," Saim said.

"Everyone takes turns contributing to help the team win matches. For us, the only thing in our hands is effort; no one can predict who will perform on any given day," he added.

On team combinations, the left-handed batter highlighted the strategic approach based on match conditions.

"We try to assess the pitch before finalising combinations. If it looks very dry, spinners are more effective, so we opt for three spinners. If fast bowlers are needed, the coaches make that call," he explained.

When questioned about whether prioritising his bowling might impact his batting performance, the young star stressed the importance of focusing on all aspects of the game rather than individual concerns.

"These are three different aspects of the game, and as players, we want to perform our roles fully. On match day, it depends on who executes their role best. It all comes down to effort. Everyone, including the captain and management, is committed to giving their maximum so the team can achieve the best results," he said.

He also highlighted the importance of staying focused on the present rather than getting caught up in past results or future uncertainties.—Agency

Former Cricketer Warns of India's Threat, Pushes Pakistan to Unleash Pace Attack

DUBAI: Former Pakistan pacer Shoaib Akhtar offered a detailed analysis ahead of the much-anticipated India-Pakistan encounter at the Dubai International Cricket Stadium on Sunday, underlining the importance of strategy, mindset, and execution for the green shirts.

During a recent interview on a local sports platform, Akhtar reflected on India's aggressive style and the high stakes of the match, emphasising the need for Pakistan to be fully prepared and play their best cricket.

"What makes you think about the kind of cricket they are going to play? It's pretty obvious—they are going to dominate you and hammer you down. If I stretch it further, when it comes to making a statement, India would prefer to play Afghanistan in the finals, not Pakistan," Akhtar said.

"But the point is, Pakistan has to put their A-game forward. If the goal is to beat India, then winning becomes a big discussion we have to have," he added.

Former Pakistan captain Misbah-ul-Haq also joined the discussion, highlighting Pakistan's chances if the team starts strongly.

"One thing is certain: Pakistan has the opportunity. If they don't lose early wickets and maintain momentum—even without Virat

Kohli, whose batting style is unique and unfamiliar to our bowlers—they can create pressure and have a real chance. The key is to get a good start," Misbah stated.

Akhtar, however, quickly added his perspective, emphasising India's strong middle order.

"This is not a team where taking two early wickets at the top will automatically create cracks at the bottom. Abhishek is also a strong player, and this is one of the

strongest middle-order batting lineups India has ever produced," he explained.

The 50-year-old also stressed that Pakistan should focus on building a solid batting foundation and deploying a balanced bowling attack, without overcomplicating tactics.

"All we want from Pakistan is to bat first, score runs, and although scoring more than 170 in Dubai is tough, try to make it 200 and aim to win by 100 runs. Play the team that is meant to play against India. Don't overthink your bowling. Use three pacers, two spinners, and complete your batting lineup with one all-rounder—that's enough," he added.

He also offered specific advice on player selection for the high-intensity match.—Agency

Shoaib Akhtar Trolls Saim Ayub After Embarrassing First-Ball Duck Against Oman

DUBAI: Former Pakistan pacer Shoaib Akhtar has raised concerns over Pakistan's batting approach following their Asia Cup 2025 opener against Oman at the Dubai International Cricket Stadium.

Speaking during a post-match discussion on a local sports platform, Akhtar highlighted the importance of a batter's ability to judge the ball and develop a feel for the game.

"For a batsman, it's about having the feel of the ball on the bat — what exactly is happening when it connects. Personally, I don't really know the exact feel of how the ball is hitting the bat, the placement, what length it's coming at, how much bounce there is, and what my technique is telling me — where I should be moving," Akhtar remarked.

The 50-year-old further stressed that a batter usually needs only a few deliveries to settle at the crease and warned against unnecessary flamboyance.

"You don't need too much movement; within 2-4 balls, a player can get the feel. It's not about playing no-look shots, it's about feeling the game," he added, in what appeared to be a veiled reference to opener Saim Ayub's dismissal for a first-ball duck.

Despite the early setback, Pakistan cruised to a commanding 93-run win over tournament debutants Oman in the fourth match of the tournament.

Opting to bat first, the Men in Green posted a competitive 160/7 in 20 overs, driven by wicketkeeper-batter Mohammad Harris's blistering 66 off 43 balls, which included seven fours and three sixes.—Agency

Nicole Scherzinger Reveals Emotional Battle Behind Broadway Showdown

Nicole Scherzinger just revealed she had to fight at the Broadway Bares charity to perform a Pussycat Dolls song.

On 22 June, the Pussycat Dolls singer surprised audiences with a performance at the annual Broadway Bares charity event, which raises funds for people living with HIV and AIDS.

"I actually fought to be on Broadway Bares," she told Bustle in candid conversation.

"When I found out what it was, I was like, 'Are you kidding me? You have a Pussycat Doll on Broadway!' And they were like, 'OK, we'll give you a little skit, that's usually what our celebrity guests do.' And I'm like, 'No, no, no, no - I'm performing, and I'm performing Buttons.'"

On the night of the charity, Nicole performed a rendition of the Pussycat Dolls' song, Buttons, which belongs to their 2005 debut studio album.

"I wanted to give back to the community and show up and show out, and I wanted to be like, 'Don't forget, you got the Queen Pussycat Doll here, OK? Don't forget!' This is what I do in my sleep, and I love it," she shared.

Additionally, Nicole also talked about performing at this year's Tony Awards at Radio City Music Hall.

"I'm tearing up as I think about it. Radio City was so big, the Poison hit-maker recalled.

Demi Lovato Admits Viral Clip Still Makes Her Cringe Years Later

Demi Lovato has finally found a way to move on from the viral clip of her singing "I'm a Slut" during her performance at the Just Trish Podcast, the host Trisha Paytas asked about the infamous 2021 clip from Unidentified with Demi Lovato in which the singer sang her hit Skyscraper.

Lovato laughed and said, "I was so shocked."

She went on to explain that while she is "very spiritual" and believe in the paranormal, the viral moment makes her cringe when she looks back.

"I am very spiritual and I do believe in the paranormal and things like that. I will not deny that at all. The whole show is about me going and finding aliens and ghosts and doing that fun stuff," she said.

Admitting that it was the time when she just happened to be smoking a lot of weed, Lovato added, "I honestly haven't watched it back because I cringe out of my soul but it's also such a funny moment now that I can laugh at it and go, 'Wait. That's amazing.'"

"Why not own it? I've said really silly things or done really silly things and I just — you have to own it. If you don't own it people will laugh at you. What's better than laughing at yourself? I love laughing at myself," Lovato said.

Political Leader Caught Red-Handed in Bold LUMHS Land Grab Attempt

By Munwar Chandio

JAMSHORO: In a dramatic crackdown, police have arrested a District Council member, Shah Nawaz Broft, for allegedly attempting to forcibly occupy a university residence in the Liaquat University of Medical and Health Sciences (LUMHS) Colony. The property, bungalow APB 14, is officially allotted to Professor Dr. Salma Memon, a senior female faculty member.

According to initial reports, the incident was orchestrated by Broft, a member of the Sindh University Party (S.U.P.), with the help of his brother Irshad Broft, an employee at LUMHS. Dr. Memon reported the illegal occupation to both the Jamshoro Police and LUMHS administration.

A joint operation by police and university security led to a heated confrontation, during which Shah Nawaz

Broft and his brothers allegedly resisted and behaved aggressively. A scuffle ensued, ending in Broft's arrest and transfer to the local police station.

Dr. Memon, in a public statement, confirmed her legal right to the bungalow and revealed that she and her family had been receiving threats from the alleged land grabbers. She called on the Vice-Chancellor and authorities to ensure her safety and uphold the rule of law.

The Liaquat Medical University Teachers' Organization condemned the university occupation and labeled it a

repeat offense. They noted the same bungalow had only recently been vacated after a High Court order following a prolonged illegal stay by a retired professor.

The LISWA LUMHS Employees' Union described the Broft brothers—Shah Nawaz, Aijaz, and Irshad—as part of a well-known "land grabbing mafia" operating within the university. In a fiery statement, they accused the trio of multiple illegal occupations and called on the district administration to launch a broad investigation into similar encroachments on campus housing.

The union also praised the quick intervention of police and university officials but demanded long-term security measures and the permanent removal of such elements from the university premises.

He added that the Trust is also active in flood-hit areas of Punjab, distributing food, rations, and tents.—RT/Agency

Bhitshah Residents Left Drinking Contaminated Water Amid Failed Supply Scheme

By Rana Abdul Sattar

BHITSHAH: Despite the passage of several years, Bhitshah city residents are still deprived of clean drinking water as the long-awaited Water Supply Scheme remains incomplete. The contractor abandoned the project midway, leaving pipes,

valves, and other equipment scattered across various locations. Citizens have voiced serious concerns, stating they are forced to consume dirty and contaminated water, which is causing stomach, skin, and other dangerous diseases. Repeated protests and complaints have yielded no action from the authorities. The residents have appealed to the Chief Minister of Sindh, Secretary of Public Health, and local administration to complete the scheme immediately and take strict legal action against negligent officials and the absconding contractor.

Mercurial Trump Urges NATO Allies to Cut Off Russian Oil Purchases

USA: President Donald Trump said on Saturday that the United States is prepared to impose fresh energy sanctions on Russia, but only if all NATO nations cease purchasing Russian oil and implement similar measures.

"I am ready to do major sanctions on Russia when all NATO nations have agreed, and started, to do the same thing, and when all NATO nations stop buying oil from Russia," Trump said in a social media post.

In recent weeks, the United States has stepped up pressure on NATO countries to tighten energy sanctions on Russia in a bid to help end its war with Ukraine — a conflict Trump

has struggled to bring to a close despite repeated threats of harsher penalties on Moscow and its partners.

Trump has also faced criticism at home for repeatedly setting two-week deadlines for Russia to de-escalate and allowing them to pass without

concrete action.

An August Reuters/Ipsos poll found that 54% of Americans, including one in five of Trump's Republicans, believe the president is too closely aligned with Russia.

The Group of Seven nations' finance ministers in a

call discussed further sanctions on Russia and possible tariffs on countries they consider "enabling" its war in Ukraine.

Energy revenues remain the Kremlin's single most important source of cash to finance the war effort, making oil and gas exports a central target of Western sanctions. But officials and analysts warn that aggressive curbs on Russian crude also carry risks of driving up global oil prices, a prospect that could strain Western economies and weaken public support for the measures.

Since 2023, NATO member Turkey has been the third-largest buyer of Russian oil, after China and India, according to the Centre for Research

on Energy and Clean Air. Other members of the 32-state alliance involved in purchasing Russian oil include Hungary and Slovakia.

Trump, who is spending the weekend at his Bedminster, New Jersey, golf club, said NATO, acting as a bloc, should impose tariffs of 50% to 100% on Chinese purchases, a move he argued would weaken Beijing's economic grip on Moscow. Trump has imposed an extra 25% tariff on imports from India to pressure New Delhi to halt its purchases of discounted Russian crude oil, bringing total punitive duties on Indian goods to 50% and souring trade negotiations between the two democracies. —RT/Agency

On Bannu Visit with COAS, PM Warns Afghanistan to Choose Terrorists or Pakistan

BANNU: Reiterating his resolve to eliminate terrorism from the country, Prime Minister Shehbaz Sharif on Saturday said that Afghanistan must choose between siding with terrorists or standing with Pakistan, warning there would be zero tolerance for ambiguity on the issue.

Addressing an important high-level meeting on terrorism during his visit to Bannu in Khyber Pakhtunkhwa (KP) along with Field Marshal Syed Asim Munir, the premier said Pakistan would continue to deliver a firm response to terrorism and those facilitating Indian proxies.

PM Shehbaz made it clear that anyone speaking in favour of foreign elements or acting as their facilitator would be treated as their "instrument and would be answered in the same language they understood".

Afghan nationals are involved in terrorist incidents

in Pakistan, he said, adding that illegal Afghan residents would soon be expelled.

Pakistan has hosted Afghans for more than four decades, from the Soviet invasion through the Taliban takeover in 2021. Some refugees were born and raised in Pakistan, others are still waiting for third-country relocation.

According to media reports, following a 2023 crackdown on undocumented Afghans and those exceeding legal status, more than 554,000 Afghans have been returned since April 2025 under Pakistan's Illegal

Foreigners Repatriation Plan — including around 145,000 in August.

The premier went on to say that the people, the state, and the armed forces of Pakistan stood united like a fortified wall against Indian proxies, rejecting politics and misleading narratives on the matter. During his visit, PM Shehbaz also inquired after injured security personnel at the Combined Military Hospital (CMH) Bannu. Meanwhile, the Peshawar Corps Commander gave a detailed briefing on the regional security situation. —RT/Agency

Arab-Islamic Leaders Convene in Qatar to Confront Israeli Aggression

DOHA, QATAR: In the wake of Israeli airstrikes on Doha, which struck the Qatari capital and further inflamed tensions in Palestine, Arab and Islamic leaders are set to convene an emergency summit on Sunday, September 14. The high-level gathering, co-sponsored by Pakistan and held under the banner of the Organisation of Islamic Cooperation (OIC), seeks to deliver a unified response against what has been denounced as "cowardly Israeli aggression".

According to Qatar's Ministry of Foreign Affairs, the upcoming summit will categorically reject Israel's actions, branding them as "state terrorism" and blatant violations of international law and Qatar's sovereignty. The ministry added that the meeting aims to amplify Muslim nations' voice in condemning Israel's attacks and rallying international pressure to halt its continued military operations.

Ahead of the main summit, foreign ministers of participating countries are scheduled to meet on Saturday to

finalise a draft resolution strongly criticising the Israeli strikes. The document is expected to call for immediate accountability, greater solidarity with Palestine, and co-ordinated steps against Israel's actions.

The urgency of the summit follows deadly Israeli airstrikes on Doha earlier this week that killed six people, including the son of senior Hamas leader Khalil al-Hayya and a Qatari security officer. The deceased were described as close aides to Hamas negotiator al-Hayya, making the strike both politically and diplomatically sensitive. The attack has triggered widespread outrage across the

Arab and Islamic world. Leaders from Iran, Iraq, Turkey, and Pakistan are among those anticipated to attend, alongside other OIC member states. Analysts believe the strong turnout will demonstrate regional unity and resistance against normalising Israeli aggression.

Qatar, which has long served as a key mediator in the Gaza conflict, vowed to pursue a more assertive role following the strike on its capital. Officials in Doha stressed that the attack represented a red line, not only against Hamas figures but also against Qatari sovereignty, necessitating a firmer stance. —RT/Agency

US Envoys Hold Key Talks in Kabul Over Detained Americans

KABUL: US officials held talks on Saturday with the authorities in Kabul over Americans held in Afghanistan, the Taliban administration said, as the White House pushes to free citizens it sees as wrongly detained abroad.

Adam Boehler, the Trump administration's special hostage envoy, and Zalmay Khalilzad, a former US special envoy for Afghanistan, met the Taliban's foreign minister, Amir Khan Muttaqi.

Both sides will continue talks in future, "particularly regarding citizens imprisoned in each other's countries", the Afghan foreign ministry said in a statement. The US State Department and the White House did not immediately respond to requests for comment. Khalilzad, who led peace negotiations with the Taliban before their 2021 takeover of Afghanistan, did not reply to a phone call seeking comment. —RT/Agency

CJP Declares Redressal of Litigants' Grievances Supreme Judicial Priority

MUZAFFARABAD: Chief Justice of Pakistan (CJP) Justice Yahya Afridi on Saturday stressed that the redressal of grievances of litigants should be the foremost priority of the judiciary. The chief justice made these remarks while addressing a judicial conference held in connection with the Golden Jubilee celebrations of the Supreme Court of Azad Jammu and Kashmir (AJK). He congratulated the AJK Supreme Court on completing fifty years and formally inaugurated a memorial to mark the occasion. Assuring his full support to the AJK Supreme Court, CJP Afridi said that the judiciary's journey spanning five decades

in the region had not been without challenges but had ensured the protection of fundamental rights of marginalised sections of society. He observed that the Golden Jubilee celebrations were scheduled to be held in May but could not take place due to Indian provocations. —RT/Agency

DG ISPR Fires Up Students at FAST University Islamabad

RAWALPINDI: Director General of the Inter-Services Public Relations (ISPR), Lieutenant General Ahmed Sharif Chaudhry, on Saturday visited FAST University Islamabad, where he participated in a special interactive session with students and faculty members. The session, organized to bridge communication between the Pakistan Army and academia, centered on current national and regional affairs, the role of youth in shaping Pakistan's future, and the collective responsibility of institutions in ensuring peace and stability. During the event, fac-

ulty members highlighted the significance of such engagements, terming them the "need of the hour." They emphasized that young people must be equipped with accurate information to understand national challenges, adding that

unverified sharing of content on social media is a dangerous and irresponsible practice that contributes to misinformation. They called for more frequent sessions of this kind to promote critical thinking and informed discourse. —RT/Agency

Imran's Bail Hearings in Six Cases Deferred Without Proceedings

RAWALPINDI: The scheduled hearing of post-arrest bail petitions filed by Pakistan Tehreek-e-Insaf (PTI) founder Imran Khan in seven cases linked to the November 6 incidents was adjourned on Saturday without any proceedings.

The hearing was listed before the Anti-Terrorism Court (ATC) in Rawalpindi. However, the case could not be taken up as the presiding judge, Amjad Ali Shah, was on leave. Court officials confirmed that no proceedings were held, and the matter will be rescheduled for a later date.

Imran Khan's legal coun-

sel, Advocate Hasnain Murtaza Sanbal, appeared in court on his behalf. Other senior members of the PTI founder's legal team, including Muhammad Faisal Malik and Irfan Ahmed Khan Niazi, were also present to attend the proceedings. However, the absence of the judge meant that no argu-

ments could be advanced and no record could be reviewed. In addition to the bail petitions, another important plea seeking the formation of a medical board for a comprehensive health examination of Imran Khan at Adiala Jail was also due for hearing on Saturday. —RT/Agency

Chaos in Peshawar: Scores Trapped as Building Crumbles

PESHAWAR: A sudden and unexpected incident of building collapse occurred in Peshawar's Saddar Bazaar Area on Saturday, leaving several trapped. According to the reports, in the Saddar Bazaar incident, a portion of a commercial building in Peshawar

collapsed unexpectedly, trapping many individuals underneath the debris. In statements by the officials cited by five people were initially reported to be trapped under the debris. Out of those five, three victims have been successfully rescued and shifted

to a nearby hospital for medical treatment. Rescue teams are tirelessly conducting search operations to find and rescue the remaining individuals, with estimates indicating that three to four people may still be trapped. —RT/Agency

Senate Panel Clears Bill Raising Minimum Diyat Compensation

ISLAMABAD: The Senate Standing Committee on Law and Justice has approved key amendments to the Pakistan Penal Code (Amendment) Bill, 2025, increasing the minimum value of diyat from 30,663 grams to 45,000 grams of silver.

The Standing Committee met at Parliament House on Friday, with its Chairman Senator Farooq Hamid Naek in the chair. The News reported.

The revised figure reflects changing economic realities and aims to standardise the financial component of compensation in light of inflation

and public expectations. Demonstrating a strong commitment to public welfare and legislative responsiveness, the committee unanimously passed significant public-centric reforms aimed at strengthening access to justice and promoting legal equity.

Senator Samina Mumtaz Zehri assured that the amendment to the Pakistan Penal Code (Amendment) Bill, 2025, strictly adheres to Islamic injunctions, reinforcing the Bill's alignment with Shariah principles. —RT/Agency

Dar and Egyptian FM Slam Israel's Illegal Strikes on Doha

ISLAMABAD: Deputy Prime Minister and Foreign Minister Senator Mohammad Ishaq Dar on Saturday received a phone call from Egypt's Foreign Minister Dr. Badr Abdelatty.

"Both leaders strongly condemned the Israeli unprovoked illegal strikes on Doha and discussed the modalities and details of the forthcoming OIC Council of Foreign Ministers in Doha, scheduled for Sunday, 14 September," Foreign Office said in a press release.

Earlier, Pakistan strongly condemned the Israeli attack on Qatar, calling it a violation of international law. The Foreign Office declared that the Pakistani nation stands firmly with its

brotherly country. Qatar Prime Minister Shehbaz Sharif emphasized the need for unity among Muslim countries in response to Israeli provocations. —RT/Agency

At Least 32 Killed as Israel Escalates Ruthless Strikes on Gaza City

DEIR AL-BALAH: A barrage of airstrikes killed at least 32 people across Gaza City as Israel ramps up its offensive there and urges Palestinians to evacuate, medical staff reported Saturday.

The dead included 12 children, according to the morgue in Shifa Hospital, where the bodies were brought.

Israel in recent days has intensified strikes across Gaza City, destroying multiple high-rise buildings and accusing Hamas of putting surveillance equipment in them.

On Saturday the army said it struck another high-rise used by Hamas in the area of Gaza City. It has ordered residents to leave, part of an offensive aimed at taking over the largest Palestinian city, which it says is Hamas' last stronghold. Hundreds of thousands of people remain there, struggling under

conditions of famine.

One of the strikes overnight and into early morning Saturday hit a house in the Sheikh Radwan neighborhood, killing a family of 10, including a mother and her three children, said health officials. The Palestinian Football Association said a player for the Al-Helal Sporting Club, Mohammed Ramez Sultan, was killed in the strikes with 14 members of his family. Images showed the strikes hitting followed by plumes of smoke.

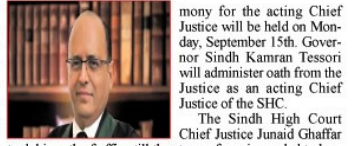

Israel's army didn't immediately respond to questions about the strikes. In the wake of escalating hostilities and calls to evacuate the city, the number of people leaving has spiked in recent weeks, according to aid workers. However, many families remain stuck because of the cost of finding transportation and housing, while others having been displaced too many times and don't want to move again, not trusting that anywhere in the enclave is safe. —RT/Agency
