PM Shehbaz Meets Kuwaiti Crown Prince On UNGA Sidelines For Key Talks

Prime Minister Shehbaz Sharif held a meeting with Kuwaiti Crown Prince Sheikh Sabah Al-Khaled Al-Hamad Al-Mubarak Al-Sabah on the sidelines of the 80th Annual Session of the United Nations General Assembly.

PM Sharif conveyed his best wishes to the Emir and Crown Prince of Kuwait and expressed satisfaction over the historic friendship between the two countries.

He thanked Kuwait for its generous support during Pakistan's devastating floods and emphasized the importance of expanding cooperation in key sectors such as trade, investment, agriculture, health, and manpower.

Highlighting the need for closer engagement, Shehbaz Sharif invited the Kuwaiti Crown Prince to visit Pakistan later this year. The invitation was received warmly, reflecting the mutual intent to further elevate bilateral ties.

The Kuwaiti Crown Prince praised Pakistan's diplomatic efforts and particularly acknowledged its consistent support for the Palestinian cause.

Both leaders also held a wide-ranging discussion on Middle East developments, as well as regional and global affairs.

They reaffirmed their commitment to continue working together at bilateral and multilateral forums.—RT/Agency

NATO Warns Russia To Cease Provocative Airspace Violations On Eastern Flank

BRUSSELS, Belgium: NATO on Tuesday warned Russia to stop an "escalatory" pattern of airspace violations along its eastern flank, after the alliance held urgent talks about a jet incursion over Estonia last week.

"Russia bears full responsibility for these actions, which are escalatory, risk miscalculation and endanger lives. They must stop," NATO's 32 member states said in a statement.

"Russia should be in no doubt: NATO and allies will employ, in accordance with international law, all necessary military and non-military tools to defend ourselves and deter all threats from all directions."

It added that NATO would "continue to respond in the manner, timing, and domain of our choosing" and that the alliance's commitment to its collective defence pact remained "ironclad".

Estonia convened emergency consultations under Article 4 of NATO's founding treaty after armed Russian fighter jets violated its airspace for some 12 minutes on Friday.

That incident — which saw NATO scramble jets — came just over a week after the alliance shot down Russian drones over Poland and led Warsaw to demand similar talks.

In response to the drone raid in Poland, NATO announced it was bolstering its eastern defences to help to counter the threat from Moscow.

Besides Poland and Romania, other eastern flank countries including Romania, Lithuania, Latvia and Finland have seen recent violations of their airspace.

The spike in tensions has spurred fears that the Russia war in Ukraine could be spilling across NATO's border.

In their statement the NATO countries vowed that "allies will not be deterred by these and other irresponsible acts by Russia from their enduring commitments to support Ukraine".—RT/Agency

Asia Cup 2025: Pakistan Sink Sri Lanka To Keep Final Dream Alive

Pakistan grabbed a five-wicket victory over Sri Lanka on Tuesday in the crucial Super Fours match to keep hopes alive for advancing to the Asia Cup 2025 final.

Chasing a modest 134-run target on a challenging surface and testing conditions here, the Green Shirts eventually knocked the winning runs for the loss of five wickets and 12 balls to spare.

Pakistan got off to a decent start to the pursuit as their opening pair of Sahibzada Farhan and Fakhar Zaman yielded 45 runs inside the batting powerplay before both fell victim to Maheesh Theekshana in the sixth over.

Farhan scored 24 off 15 deliveries with the help of two sixes and a four, while Fakhar made a 19-ball 17.

Wanindu Hasaranga further added to Pakistan's woes by dismissing Saim Ayub and captain Salman Ali Agha in consecutive overs, bringing the total down to 57/4 in 8.1 overs.

Wicketkeeper batter Mohammad Haris and Hussain Talat briefly stabilised the run chase with their 23-run partnership for the fifth wicket, but Dushmantha Chameera cleaned up the former in the 12th over to dent their recovery.

With the scoreboard reading 80/5 in 11.1 overs and a further 58 required off 53 deliveries, Mohammad Nawaz joined Talat, and the duo batted sensibly under pressure to steer their side over the line unbeaten.

Mohammad Nawaz top-scored for Pakistan with an unbeaten 38 off 24 deliveries, studded with three sixes and as many fours, while Talat made 32 not out from 30 balls, comprising four fours.

For Sri Lanka, Theekshana and Hasaranga bagged two wickets each, while Chameera could claim one.

Put into bat first, the defending champions managed to accumulate 133/8 in their allotted 20 overs despite Kamindu Mendis's half-century.

Sri Lanka got off to a shaky start to their innings as Shaheen Shah Afridi dismissed both openers – Kusal Mendis (zero) and Pathum Nissanka (eight) – in his first two overs.

The 2022 champions, however, were in a comfortable position by the end of the batting powerplay as they had piled up 53 runs despite losing another wicket.

But Pakistan captain Salman Ali Agha's decision to bring Hussain Talat in pushed Sri Lanka to the back foot as the all-rounder struck twice in his first over, bringing the total down to 58/5 in 7.3 overs.

Following the slump, star all-rounder Wanindu Hasaranga (15) joined Kamindu in the middle for a cautious 22-run partnership until getting cleaned up by Abrar Ahmed in the 13th over.

Kamindu, on the other hand, stood his ground firm and went on to score a fighting half-century for Sri Lanka. He was dismissed by Shaheen in the penultimate over, soon after he amassed the milestone.

The left-handed batter top-scored for Sri Lanka with a valiant 50 off 44 deliveries, smashing three fours and two sixes.Shaheen was the standout bowler for Pakistan, taking three wickets for just 28 runs in his four overs, followed by Haris Rauf and Talat with two each, while Abrar chipped in with one.—RT/Agency

At UNGA, Trump Demands Immediate Halt To Gaza War

NEW YORK: United States President Donald Trump on Tuesday called for an immediate end to the ongoing war in Gaza.

Addressing the 80th United Nations General Assembly at UN headquarters in New York City, the US president said: "We have to stop the war in Gaza immediately. We have to immediately negotiate peace."

Dozens of world leaders gathered at the United Nations to embrace a Palestinian state, a landmark diplomatic shift that faces fierce resistance from Israel and its close ally, the US.

Trump rejected statehood for Palestinians, adopting the stance of Israeli Prime Minister Benjamin Netanyahu.

"The rewards would be too great for Hamas," he said, repeating his call for the return of hostages taken by the Palestinian group.

Trump said the US wants a ceasefire-for-hostages deal that would see the return of all remaining hostages, alive or dead.

Turning to Russia, Trump warned he was ready to impose tough economic measures over the war in Ukraine.

In his first UN address since regaining power in January, Trump said he wants US allies to impose the same measures on Russia he is proposing to try to force Russian President Vladimir Putin to pull back from the biggest war in Europe since World War II.

The US president has warned about the possibility of sanctions on Russia several times but has yet to follow through.

Lately he has demanded Europe stop all Russian oil purchases before he will take action.

"In the event that Russia is not ready to make a deal to end the war, then the United States is fully prepared to impose a very strong round of powerful tariffs, which would stop the bloodshed, I believe, very quickly," he said.

But for the measures to be effective, he said, "European nations, all of you gathered here, would have to join us in adopting the exact same measures."—RT/Agency

Palestinian President Presses Hamas To Surrender Arms

UNITED NATIONS: Palestinian president Mahmud Abbas called Monday for Hamas to surrender its weapons to his forces while condemning the group's deadly attack on Israel in an address to a UN summit on a two-state solution.

"Hamas will have no role in governing (Gaza). Hamas and other factions must surrender their weapons to the Palestinian Authority," he said via video link, having been denied a visa to attend by the United States.

"We also condemn the killing and detention of civilians, including Hamas actions on October 7, 2023."

It is to be mentioned here that Israel in its brutal assault of Gaza has killed over 65,000 people, most of them civilians.

Abbas called for an immediate ceasefire adding that Gaza needs relief. He also demanded release of prisoners.

Palestinian president also lauded mediation efforts made by Egypt and Qatar.

Six European nations — France, Belgium, Luxembourg, Malta, Andorra and Monaco — added their names to the list of the countries recognizing the State of Palestine with their statements at the UN on Monday.

The day before, the United Kingdom and Canada became the first G7 countries to make such a recognition, with Australia and Portugal also following suit.A majority of European countries now recognize the State of Palestine, following official declarations in New York on Monday by France, Belgium, Luxembourg, Malta and others, after nearly two years of war in Gaza.—RT/Agency

ATC Rejects Imran's Bid To Halt GHQ Attack Trial

RAWALPINDI: An anti-terrorism court (ATC) in Rawalpindi on Tuesday rejected Pakistan Tehreek-e-Insaf (PTI) founder Imran Khan's plea seeking the halt of court proceedings in May 9 case involving attack on General Headquarters (GHQ).

ATC Judge Amjad Ali Shah conducted the hearing today over two petitions filed by Khan, urging the court to provide the CCTV footage of the court proceedings on September 19 and stopping the proceedings till the high court's order on the transfer of the jail trial.

During the hearing, where Khan was presented virtually before the court via WhatsApp link, the PTI founder's lawyer Faisal Malik contended that they did not want to become part of the case proceedings sans consultation with the former prime minister.

To this, the court said: "During the last hearing, you consulted with the PTI founder who [then] boycotted the proceedings".

When advised by the court to challenge the WhatsApp communication in the high court, counsel Malik said that they had already done so.

"[A] WhatsApp call cannot be considered as [attendance] via a video link," the lawyer said while requesting the court for more time to challenge the court's previous order.

"You can challenge it [however] the court proceedings cannot be stopped," the court responded.

Highlighting that the defence lawyers boycotted the previous hearing, prosecutor Ikram Amin said that the prosecution was not obligated to answer any of their queries.

"The defence lawyers boycott court hearing and then ask for more time the next day. Their conduct shows that they are not serious about the trial," the prosecutor said, adding that the defence team was wasting the court's time.

Responding to prosecutor Zaheer Shah's argument that questioning the court's order amounted to contempt of court, lawyer Malik said that they were merely seeking a fair trial.

"If the suspect cannot listen to his lawyer and vice versa, how is this a fair trial," the defence lawyer contended.

On the defence team's request for the CCTV footage, prosecutor Zaheer said that as per the Lahore High Court (LHC) directives, neither any footage nor a transcript can be provided to anyone.

At this, Khan's lawyer Salman Akram Raja said that the court does not operate on government instructions but works as per the constitution.

"It is not possible to present a person locked in a cell on WhatsApp," Raja stressed, to which the court said that they have the right to challenge the court order.

After hearing both side's arguments, the court rejected the petitions filed by the former PM.—RT/Agency

Pakistan Eyes $750 Million Financing Push Through Panda Bonds

ISLAMABAD: The Pakistan government has prepared a plan to raise $750 million through commercial financing and the issuance of Panda Bonds citing Finance Ministry sources.

The raised funds are expected to be utilized for the repayment of upcoming Eurobond maturities.

According to sources, the financing will be arranged through a consortium of banks.

The government is considering mobilizing funds through both Panda Bonds and commercial loans to meet external obligations.

Pakistan faces a $500 million Eurobond repayment due on September 30, followed by a $1 billion Eurobond maturity scheduled for April next year.

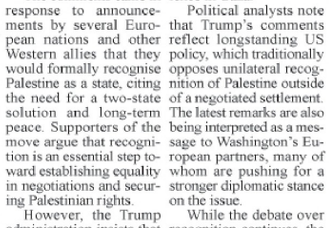

Sources added that these measures are part of the government's broader strategy to ensure timely debt servicing while maintaining external financial stability.

Finance Minister Muhammad Aurangzeb earlier stated that the Pakistan Panda Bond will be settled in Chinese yuan and is likely to increase between $200 million and $300 million.

The issuance is being structured with support from multifaceted development institutions, including the Asian Infrastructure Investment Bank (AIIB), which may provide credit guarantees.

The Pakistan Panda Bond is a component of a wider strategy to expand funding sources and reduce dependence on dollar borrowing. It also aligns with Pakistan's aim to progress its credit rating to single 'B' and deepen incorporation with China's capital markets.—RT/Agency

Trump Slams Palestine Recognition As Dangerous Reward To Hamas

WASHINGTON: US President Donald Trump has strongly criticised the recent decisions by several Western countries to recognise a Palestinian state, calling the move a "reward to Hamas," according to the White House.

White House Press Secretary Karoline Leavitt told reporters on Monday that President Trump firmly opposed the recognition, arguing that it neither contributes to resolving the conflict in Gaza nor advances the cause of peace in the region.

"He feels this does not do anything to release the hostages, which is the primary goal right now in Gaza. It does nothing to end this conflict and bring this war to a close," Leavitt said, reflecting the administration's hardline position on the matter.

She added that the president views such recognition as premature and counterproductive at a time when Hamas remains in control of Gaza. "Frankly, he believes it's a reward to Hamas. He believes these decisions are just more talk and not enough action from some of our friends and allies," Leavitt remarked.

The comments came in response to announcements by several European nations and other Western allies that they would formally recognise Palestine as a state, citing the need for a two-state solution and long-term peace. Supporters of the move argue that recognition is an essential step toward establishing equality in negotiations and securing Palestinian rights.

However, the Trump administration insists that recognition without security guarantees for Israel and without Hamas being disarmed undermines efforts to achieve a lasting settlement. Trump has repeatedly emphasised that the immediate priority must be the safe release of hostages held by Hamas and the cessation of violence in Gaza.

Political analysts note that Trump's comments reflect longstanding US policy, which traditionally opposes unilateral recognition of Palestine outside of a negotiated settlement. The latest remarks are also being interpreted as a message to Washington's European partners, many of whom are pushing for a stronger diplomatic stance on the issue.

While the debate over recognition continues, the White House has reaffirmed its commitment to supporting Israel's security and working toward a resolution that ensures peace for both Israelis and Palestinians — but only through direct negotiations, not unilateral moves.—RT/Agency

Hyderabad workers exploited despite Rs 40,000 minimum wage law

By Javed Samejo

HYDERABAD: Despite the Sindh government's fixed minimum wage of Rs 40,000, workers in various factories of Hyderabad continue to suffer exploitation. Factory owners, allegedly in collusion with some labor department officials, pay poor workers only Rs 15,000 to Rs 20,000 per month. Due to these low wages, workers are struggling to meet their basic needs amid rising inflation. The labor department has taken no action against the owners, worsening the workers' plight. The workers demand immediate intervention from the government and authorities to enforce the minimum wage law, warning that they may launch protests if their demands are ignored.

Province-wide strike by Sindh Employees Alliance cripples public services and stalls by-elections

By GM Chandio

HYDERABAD: A massive strike by the Sindh Employees Alliance (SEA) has crippled government offices, schools, and hospitals across Sindh, including major cities like Hyderabad, Sukkur, and Larkana. The protest opposes recent provincial government policies on pensions, group insurance, and allowance cuts, which employees label a "black law." The strike also boycotts the local body by-elections scheduled for September 24, creating serious challenges for election security and staffing. SEA leaders warn the protest will escalate if demands for policy reversal and employee rights restoration are not met.

Stock Market Soars, People Sink: World Bank Exposes Govt's Economic Mirage

The World Bank's latest revelation is nothing short of a damning indictment of Pakistan's economic managers. Poverty has surged to a shocking 25.3%—a steep 7% jump since 2022—confirming what ordinary Pakistanis already know: government boasts of "record-breaking growth" and "soaring stock markets" are hollow, self-serving slogans with no bearing on the lives of the people. While the ruling elite flaunts rising share indexes as proof of progress, the truth is stark—nearly one in four Pakistanis is now crushed below the poverty line.

This exposes the cruel duality of Pakistan's economy: a glittering stock exchange for the privileged few, and a collapsing household economy for the masses. How can the government trumpet "success" when the common man cannot afford food, rent, or basic necessities? Gold prices have skyrocketed to Rs400,000 per tola, electricity shortages persist with power plants shutting down, and inflation is devouring incomes. For millions, survival—not prosperity—defines daily existence.

The World Bank report is a reminder that decades of poverty reduction gains have been reversed. Between 2001 and 2015, Pakistan steadily lifted millions out of poverty. Today, those hard-earned achievements lie in ruins as inequality widens and informal, low-paying jobs dominate the labor force. Yet instead of confronting structural weaknesses, the government continues to peddle glossy illusions of stability, hoping foreign investors and international lenders will buy into the narrative.

But facts don't lie. Poverty is rising, inequality is deepening, and ordinary Pakistanis are drowning while policymakers gloat about artificial benchmarks. This government cannot hide behind UNGA photo-ops or tall claims of investor confidence. The World Bank has held up a mirror—and the reflection is ugly. If leadership continues to prioritize optics over people, Pakistan's economic future will remain a cruel mirage, leaving millions trapped in hopeless poverty.

Healthcare workers pour into Kadhan streets against government policies

By Khadim Hussain Shaikh

KADHAN: On the call of the Grand Employees Alliance, healthcare workers at the Health Center in Kadhan staged a protest by boycotting OPD services. The protest was led by Dr. Naseema Lashari, Dr. Azhar Memon, Dr. Rao Mal, Abdul Ghaffoor Chandio, Noor Hassan Anar, Muhammad Rafiq Lohar, Ghulam Hussain Khaskheli, Muhammad Ibrahim Chandio, and Sajjad Memon. Addressing the protest, the speakers said that they have served in government institutions from their youth until the age of 60, dedicating their lives to public service during floods, earthquakes, natural disasters, and routine duties, often at the cost of leaving behind their families. Despite their lifelong dedication, the current government is not providing facilities but instead snatching existing ones and acting with hostility towards employees. They condemned the government's policies as both anti-public and anti-employee, declaring that the health department workers, like those from other departments, reject such decisions. They affirmed their full support for the Grand Employees Alliance and vowed to participate in every future protest.

Barcelona's Gavi faces another surgery blow

The 21-year-old Spain international, Gavi, will undergo knee surgery to resolve a lingering meniscus injury, Barcelona confirmed in a statement.

Barca's midfielder tore his anterior cruciate ligament (ACL) in November 2023 and has also not appeared for the Catalan club due to a knee issue in August 2025 after playing in Barca's opening two matches of the season.

The team has not announced any date for his recovery, but according to Spanish media, he would be sidelined for five to six weeks.

Barcelona mentioned in a statement that the midfielder underwent intense sporting stress tests, but the doctors concluded that, for the best possible recovery, he will undergo arthroscopic examination.

"Gavi underwent intense sporting stress tests after finishing his conservation course of treatment for the radial injury to the internal meniscus in his right knee," Barca said in a statement.

"The conclusion is that in order to guarantee the best possible recovery and return to competitive action this Tuesday Gavi will undergo an arthroscopic examination."

The Catalan club has lost another key midfielder, Fermin Lopez, due to a leg muscle injury in their 3-0 win over Getafe on Sunday.

Several players from Barcelona are facing injuries, including left-back Lamine Yamal, full-back Alejandro Balde, and goalkeeper Marc-Andre ter Stegen.

Barca, who are two points behind LaLiga leaders Real Madrid, next travel to Real Oviedo in the league on Thursday.—Agency

De Zerbi calls PSG triumph one of his greatest Marseille moments

MARSEILLE: Olympique de Marseille manager Roberto De Zerbi described his side's 1-0 victory over Paris Saint-Germain in Ligue 1 as one of the best days since his arrival at the club, following a historic win at the Stade Vélodrome.

Marseille defeated their fiercest rivals at home for the first time since 2011, with Nayef Aguerd's early header proving decisive.

Last season, PSG clinched their fourth consecutive league title, while Marseille finished as runners-up.

De Zerbi expressed his delight after the game, calling it a defining moment for both himself and the team, but also urged his players to stay focused ahead of Friday's clash against Strasbourg.

"It's one of the best days since I arrived. I came here for the Velodrome and to beat PSG, the team that represents power, that has been winning without rival for years, which I don't accept in my philosophy," De Zerbi said.

"But we haven't done anything yet: the most important thing is Friday in Strasbourg, to take another step towards the goal of building a great team."

The win carried more weight than just three points, lifting Marseille to sixth place in the table with nine points, three behind PSG, who sit behind leaders Monaco only on goal difference.

Marseille will now look to build momentum from this landmark triumph when they face Strasbourg next weekend. PSG, meanwhile, suffered their first defeat of the season and will aim to bounce back when they host Auxerre.—Agency

Ravichandran Ashwin eyes historic BBL run as four franchises battle for him

MELBOURNE: Veteran Indian spinner Ravichandran Ashwin is poised to make history as the first capped Indian male cricketer to feature in Australia's Big Bash League (BBL), with four franchises competing to secure his services for the latter stages of the upcoming season.

According to reports, Sydney Thunder, Hobart Hurricanes, Sydney Sixers and Adelaide Strikers are in the race to sign the India great. Thunder and Hurricanes are believed to be leading the chase, with a final decision expected later this week.

No internationally capped Indian male player has previously participated in the BBL. However, Ashwin's retirement from the Indian Premier League (IPL) earlier this year has opened the door for him to feature in overseas franchise leagues for the first time.

Under the Board of Control for Cricket in India (BCCI) regulations, only retired Indian cricketers are permitted to play in foreign T20 competitions. In recent years, several former India stars have taken that route:

Dinesh Karthik turned out for Paarl Royals in SA20, Ambati Rayudu featured for St Kitts & Nevis Patriots in the CPL and MI Emirates in the ILT20, while Robin Uthappa, Yusuf Pathan, and Suresh Raina have all represented franchises in overseas leagues.

Ashwin has already committed to the inaugural ILT20 auction in the UAE, scheduled for next Tuesday. Should he be picked, he will play in the tournament, which will run from December 2 to January 4.

The BBL season begins on December 14 and continues until January 25, meaning Ashwin would be available for three to four league matches and the finals, if his team qualifies. His proposed deal is also expected to include the 2026–27 BBL season.BBL clubs are allowed only three overseas players in their playing XI, with additional overseas signings possible as replacements. If any players are released to participate in the SA20, Ashwin could fill their spot.

Although he did not nominate himself in the overseas draft earlier this year, league rules provide exemptions for players whose circumstances have changed — a precedent previously set by Martin Guptill (Melbourne Renegades, 2022-23) and Nat Sciver-Brunt (Perth Scorchers, WBBL).

While teams will need to manage Ashwin's salary within their allocated purse, it is expected that a marketing partnership with Cricket Australia will help offset the cost.

The BBL also allows franchises to exceed the cap by five percent in a given year, provided it is balanced out across a three-year cycle.—Agency

Lamine Yamal's father blasts Ballon d'Or jury in fiery rant

Lamine Yamal's father, Mounir Nasraou, has slammed the jury after his son came second to Paris Saint-Germain (PSG) forward Ousmane Dembele in the Ballon d'Or voting.

Dembele played a decisive role in PSG's historic campaign, guiding the club to its first-ever UEFA Champions League triumph.

The French forward had an outstanding 2024-25 season, recording 35 goals and 16 assists in 53 appearances across competitions for treble-winners PSG

However, Yamal's father believes his son is the best player in the world right now and 'this is the biggest moral damage done to a human being' by not giving him the Ballon d'Or.

"I think this is the biggest, I won't say theft, but moral damage done to a human being because I believe Lamine Yamal is the best player in the world by far, by a huge margin," Nasraou said.

"It's not because he's my son but because he's the best player in the world. I believe there are no rivals. Lamine is Lamine Yamal. Something very strange has happened here. Next year there will be a Spanish Ballon d'Or winner."Yamal who is considered as the future of Barcelona and Spain national team has emerged as one of the biggest stars of current generation following a stellar 2024/25 campaign in which he racked up an astonishing 18 goals and 25 assists in 55 appearances, playing a pivotal role in Barcelona's triumphs in La Liga, the Copa del Rey, and the Spanish Super Cup.

But Barcelona president Joan Laporta believes the Champions League was the difference between Yamal and Ousmane Dembele in the Ballon d'Or race.

"I think winning the Champions League has had its weight," Laporta said.—Agency

Atlanta Braves storm to dominant rout and extend stunning win streak

ATLANTA: Michael Harris II delivered an outstanding performance with three hits and three RBIs, powering the Atlanta Braves to an 11-5 victory over the Washington Nationals at Truist Park on Monday, extending their winning streak to nine games.

Harris went 3-for-5 with a double, a run scored, and three stolen bases, while Marcell Ozuna also tallied three hits.

Rookie catcher Drake Baldwin chipped in with two hits and two RBIs, including a decisive two-run single, and Ronald Acuña Jr. smashed his 19th home run of the season.

The Braves erupted in the third inning with a five-run outburst that saw 11 players come to the plate, opening up a commanding 7-1 lead. A bases-loaded walk to Acuña, followed by RBI hits from Ozuna and Harris, set the stage for Baldwin's clutch knock.

The inning also saw drama when Nationals interim manager Miguel Cairo was ejected by first base umpire Manny Gonzalez after disputing a check-swing ruling.

Later in the same frame, Atlanta suffered a setback when Ozzie Albies exited the game with a fractured hamate bone in his left wrist, an injury that will sideline him for the rest of the season.

On the mound, Chris Sale earned the win despite surrendering five runs over five innings. Nationals starter MacKenzie Gore struggled, lasting just over two innings and allowing four runs to take the loss.

Washington's offense was highlighted by Nasim Núñez, who led off the game with a home run, while Andrés Chaparro and Dylan Crews added RBIs.

But Atlanta's relentless lineup proved too much to handle as the Braves reached double digits in runs for the sixth time during their current streak.

The series continues Tuesday when Washington's Brad Lord faces Atlanta's Hurston Waldrep.—Agency

Chaos in PHF as players wait endlessly for daily allowance payments

LAHORE: The Pakistan Hockey Federation (PHF) has come under scrutiny for overlooking the issue of players' daily allowances, sources revealed.

According to the sources, while the federation was busy finalising arrangements with the government for the upcoming Pro Hockey League, it neglected to address the players' dues.

Each player is entitled to an international daily allowance of PKR 30,000, amounting to nearly PKR 500,000 per tour.

The delay has sparked frustration among national players, who have yet to receive their international allowances more than six weeks after the conclusion of the FIH Nations Cup.

In contrast, players have only been paid domestic allowances, reportedly at a reduced rate of PKR 2,500 per day instead of PKR 3,000.

"It's difficult to manage household expenses on just domestic allowances. We remain committed to representing Pakistan, but we also have families to support," players expressed.

The uncertainty has pushed several players to explore alternative opportunities, including participation in international leagues and tournaments abroad. "What can players do? Life has to go on, and we must grab any chance to play overseas," they added.—Agency

Cardinals claw past Giants to keep wild-card hopes alive

SAN FRANCISCO: The St. Louis Cardinals kept their National League wild-card hopes alive with a hard-fought 6-5 victory over the San Francisco Giants at Oracle Park.

Trailing 4-2, Ivan Herrera ignited a pivotal four-run fifth inning with his 18th home run of the season, tying the game.

After Lars Nootbaar's single, Herrera's blast sparked the rally that gave the Cardinals the lead for good. Pedro Pagés and Jordan Walker added run-scoring groundouts to capitalise on the Giants' defensive lapses.

San Francisco had built an early advantage behind Heliot Ramos, who hit his 19th home run and later delivered a two-RBI single in the fourth to make it 4-2. Rafael Devers added a solo shot in the fifth, but the Giants' bats went quiet afterward, managing just one hit over the final four innings.

Michael McGreevy was credited with the win despite allowing all five Giants runs.

The bullpen shut the door, with Ryan Fernandez, John King, Kyle Leahy, and Giovanny Gallegos combining for four scoreless innings.

Romero notched his eighth save of the season.

Giants starter Justin Verlander struggled, surrendering nine hits and six runs (four earned) in 4 1/3 innings.—Agency

Taylor Swift gets ex-cop arrested: 'Tried serving her deposition papers!'

Taylor Swift has just forced an ex-cop into police custody for the way he attempted to serve her papers for a deposition.

The whole thing happened over a month ago, before 2 am on the 15th of September.

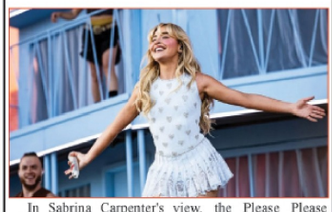

According to RadarOnline, the entire thing happened outside Travis Kelce's home, in Leawood, Kansas.

Per court documents the arrest happened because the ex-cop turned private eye, Justin Lee Fisher, tried "jumping the fence onto a private residence in a private neighborhood," in order to deliver the deposition papers.

What is pertinent to mention is that the deposition relates to Justin Boldoni's case against Blake Lively, who used Swift's name in some text messages.

Just two days before this arrest was made an extension was also requested. But in a rejection, the judge in question Lewis Liman said, "The only justification they have provided for the extension is their assertion that Swift's pre-existing professional obligations now prevent her from appearing for a deposition prior to October 20, 2025."

Sabrina Carpenter bares all with blunt take on men

In Sabrina Carpenter's Man's Best Friend, she opens up about unreliable partners; now, she has addressed her views on men.

During an interview with Vogue Italia, she says, "I do think that men have been a super entertaining species to watch. In positive and negative ways."

She continues that she "feels adored and inspired and loved by some of them and really confused and attacked and ridiculed by other."

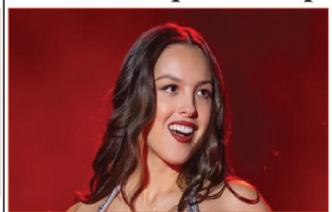

"Part of life is making light of moments that maybe make us uncomfortable, or at least, that is for me," the Tears hitmaker says.

Elsewhere in the interview, the Please Please Please singer teases her work on a new album. "I'm doing a lot of writing right now, which you wouldn't probably expect after two albums, two years in a row," she adds."My magic writing place is my bedroom, or it's outside. Although I get many bug bites... Once I get enough bug bites, I go walking and I'm just refreshing," the singer says.

In the meanwhile, Sabrina is set to feature in the 2026 Coachella along with Justin Bieber and Kajol G

35,000 parents across Sindh refuse polio drops for children, sparking health alarm

KARACHI: During the recent anti-polio campaign in Sindh, as many as 35,000 parents refused to administer polio drops to their children, with the majority of refusals reported from Karachi.

According to media reports, 34,000 refusals came from Karachi alone, where in District East over 8,000 parents declined vaccination. The province-wide campaign was conducted from September 1 to 7 across 25 districts, with a target of administering polio drops to more than 2.1 million children in Karachi.

Health officials have expressed concern over the high refusal rate, warning that such resistance poses a serious threat to Pakistan's ongoing efforts to eradicate polio. Despite extensive awareness campaigns, misconceptions and mistrust surrounding vaccination continue to hinder progress.

Authorities have urged parents to cooperate, stressing that polio vaccination is critical for protecting children from lifelong disability and for achieving a polio-free Pakistan.—RT/Agency

KARACHI: Residents of North Karachi's Sector 5E are facing severe hardships as the sewerage system in the area has completely collapsed, leaving filthy water accumulated on streets and creating an environment ripe for disease outbreaks.

According to locals, stagnant sewage has led to a surge in mosquitoes, triggering cases of malaria, dengue, diarrhea, and other health risks. Despite repeated complaints to the concerned authorities, no effective action has been taken to resolve the crisis.

Meanwhile, the Karachi Water and Sewerage Corporation (KWSB) has increased water bills by Rs. 32, further frustrating residents who complain that service quality has worsened instead of improving.—RT/Agency

Gold prices smash records, hit historic highs across Pakistan

KARACHI: Gold prices in Pakistan surged to an all-time high on Monday, with a sharp increase recorded in local markets.

According to the All Pakistan Gems and Jewellers Association, the price of gold rose by Rs. 5,100 per tola, reaching a historic level of Rs. 398,800. Similarly, the rate for 10 grams of gold jumped by Rs. 4,372, now standing at Rs. 341,906.

The surge in domestic prices is linked to developments in the international market, where gold climbed by $51 per ounce, pushing the global rate to $3,770.

Traders noted that rising global demand, coupled with currency volatility, continues to drive prices upward. With the bullion market witnessing record highs, buyers are facing mounting pressure, while investors increasingly turn to gold as a safe-haven asset.—RT/Agency

Karachi street vendor admits to shocking child abuse in court

KARACHI: Shabbir Tanoli, a sherbet vendor accused of sexually assaulting multiple children in Karachi, confessed his crimes before a judicial magistrate at City Court .

The accused recorded his statement under Section 164 in six registered cases, admitting to abusing five children. He revealed that he lured children with money before taking them to secluded rooms or bushes to commit the assaults.

During the hearing, the magistrate questioned whether the police had subjected him to torture or coercion, to which Tanoli replied in the negative. The court further ensured that the confession was made voluntarily and without external pressure.Following the admission, the magistrate ordered the accused to be placed in judicial custody. Mayor Murtaza Wahab slams opposition for dragging disputes into courts

KARACHI: Mayor Karachi Murtaza Wahab, while addressing a press conference on Monday, said that those who believe in democracy and parliament must decide whether political disputes should be resolved within the council or in the courts. He remarked that Opposition Leader Saifuddin has chosen the latter instead of parliamentary politics.

Wahab stated that despite hurdles created by the opposition, the budget session successfully approved tax increases in the council. He added that his administration is continuing development work in the city regardless of political roadblocks.

Highlighting past achievements, the mayor said, "We have cleansed Karachi of terrorism, and now we will rid the city of hypocrisy as well." He stressed that double standards cannot be accepted, declaring, "It cannot be that whatever you do is right, but whatever we do is wrong."—RT/Agency

KCCI urges FBR to extend income and sales tax filing deadlines

KARACHI: The Karachi Chamber of Commerce & Industry (KCCI) has urged Chairman Federal Board of Revenue (FBR) Rashid Mahmood Langrial to extend the statutory deadlines for filing Income Tax and Sales Tax Returns, citing technical and logistical difficulties faced by taxpayers.

In a communication to the FBR chief, KCCI President Muhammad Jawed Bilwani requested that the last date for filing Income Tax Returns for Tax Year 2025 be extended from September 30 to October 31, 2025. He also sought a one-month extension in the deadline for submission of Sales Tax Returns for August 2025.

Highlighting persistent challenges, Bilwani noted that the FBR's IRIS portal continues to face frequent glitches and severe slowdowns, especially during peak hours, making it nearly impossible for taxpayers to file efficiently. Despite repeated assurances, he said, the system has not been upgraded to meet the increasing number of filers.

He further pointed out that recent flash floods and heavy monsoon rains have disrupted internet and telecom services across the country, with 4G and 5G connectivity functioning poorly in many areas. These outages, he said, have added to the difficulties of filers who rely solely on online platforms.

Bilwani reminded that in the past, FBR had granted similar deadline extensions under comparable circumstances, which not only facilitated compliance but also contributed to better documentation of the economy and higher revenue collection.—RT/Agency

Sindh employees storm Gulzar Hijri College in protest over pension cuts

By Fida Hussain Panhwar

KARACHI: Teaching and non-teaching staff of Government Boys Degree College Gulzar Hijri and Government Boys Degree College Gulistan-e-Jauhar held a protest under the banner of Sindh Employees Alliance, locking classrooms to demand their rights. Led by SUP leaders Dr. Ghulam Rasool Lakho, Ashfaq Memon, and others, the staff called for the restoration of disparity allowance, group insurance, and reversal of pension cuts. Protesters criticized the Sindh government for denying allowances granted in other provinces and warned of escalating protests if demands remain unmet.

Open drain in Gulistan-e-Johar Block 12 poses growing health hazard

By Dildar Seelro

KARACHI: An open drain in front of Bombay Arcade in Gulistan-e-Johar Block 12 is causing health hazards and accidents for local residents. During rains, contaminated water enters homes and apartments, increasing the risk of diseases and foul odors. Over the past six months, several motorcycle accidents occurred, and two vehicles fell into the drain. Residents and traders blame Faisal Cantonment Board (East) and KMC for negligence, stating that despite repeated complaints and protests, no action has been taken. They demand immediate cleaning, improved drainage, and covering of the drain to prevent a major disaster.

Karachi seminar exposes alarming rise in tobacco addiction, demands urgent action

By Fida Hussain Panhwar

KARACHI: A powerful seminar on "Anti-Tobacco, Quitting Tobacco, and the Use of New Tobacco Products" was recently held under the banner of the Sukhar Welfare Organization. Dr. Zeeshan, a prominent lecturer and keynote speaker, shocked attendees by revealing that nearly 800,000 people in Karachi alone are addicted to cigarette smoking, and the total number for all forms of tobacco usage in the city soars to a staggering 2.5 million. Dr. Zeeshan passionately called for an immediate, city-wide anti-tobacco campaign, urging mandatory educational sessions to combat this growing crisis. He emphasized that smoking is often the first gateway to more dangerous drug addictions.Siddique Singhar, General Secretary of the Kachi Foundation, voiced strong criticism of law enforcement's approach, advocating for a "people-friendly" rather than "crime-friendly" stance.

PM Shehbaz Stands With World Leaders At UNGA Opening Session

UNITED NATIONS: Prime Minister Shehbaz Sharif on Tuesday joined the world leaders at the opening ceremony of the 80th United Nations General Assembly (UNGA) Session in New York.

The premier was accompanied by Deputy Prime Minister and Foreign Minister Senator Ishaq Dar, Minister for Defence Khawaja Asif, Minister for Information and Broadcasting Attaullah Tarar, and Special Assistant to the Prime Minister Tariq Fatemi.

PM Shehbaz, who reached New York late Monday night mainly to attend the UNGA session, will also partake in the special summit of Arab and Islamic countries, co-hosted by the United States and Qatar.

The prime minister has been specially invited to participate in the summit, which will also be attended by US President Donald Trump.

At the UN, the prime minister, while speaking to the reporters, praised the US president and his team for playing a significant role in the ceasefire between Pakistan and India.

The prime minister described President Trump as a strong advocate for peace and stability across the globe.

"President Donald Trump is a man of peace. He, along with his team, played a key role in bringing about the ceasefire between Pakistan and India," said the PM.

During the day, the premier met Austrian Chancellor Christian Stocker, Kuwait's Crown Prince and Prime Minister Sheikh Sabah Al-Khalid and other world leaders on the sidelines of the UNGA session.

PM Shehbaz and the Austrian chancellor expressed their desire to further enhance bilateral cooperation in diverse sectors.

The premier highlighted trade, tourism, climate change and education as possible avenues of positive collaboration and stressed the need to enhance bilateral trade ties.

The Austrian chancellor thanked the prime minister for the meeting and also conveyed his desire to work together to create new avenues of cooperation between the two countries.

Both sides agreed to exchange delegations to enhance cooperation in the field of tourism between the two countries.

The spokesperson added that both leaders stressed the need to give a new dimension to Pakistan-Hungary ties by fostering deeper cooperation and people-to-people linkages.

Earlier during the UNGA session, Ishaq Dar also held meetings with GCC Secretary General Jasem Mohamed Albudaiwi and Canadian Foreign Minister Anita Anand. In both meetings, regional cooperation and bilateral relations were discussed, with a shared commitment to strengthening institutional ties and boosting economic collaboration.—RT/Agency

US Lawmaker Warns China Tensions Could Spark Deadly Military Misunderstanding

BEIJING: The leader of a US congressional delegation to China warned Tuesday of the "risk of a misunderstanding" between the two countries' militaries as advances in defence technology move at breakneck speed.

Adam Smith, the most senior Democrat on Washington's Armed Services Committee, told journalists in Beijing that China needs to talk more about its military with other global powers "for basic de-confliction".

We've seen this with our ships, our planes, their ships, their planes coming entirely too close to one another," he said at a news conference at the US Embassy.

"We need to have a better conversation about de-conflicting those things."

The four-person delegation also includes other members of the same Armed Services Committee — Democrats Ro Khanna and Chrissy Houlahan — as well as Republican congressman Michael Baumgartner, a member of the Foreign Affairs Committee.

The group on Monday met Chinese Defence Minister Dong Jun, with whom they talked about the importance of "working through our differences" and more candid dialogue, according to a statement from the US side.

Dong called on the visitors to "remove disruptive and restrictive factors" between them, China's Xinhua state news agency reported.

Speaking on Tuesday alongside the other lawmakers and the US Ambassador to China, David Perdue, Smith said: "AI and drone warfare and cyber and space is moving so rapidly and innovation is happening so quickly.

"The risk of a misunderstanding of capabilities on one side or the other is great," he said, adding the two sides need to talk so they "don't stumble in any sort of conflicts".

Jaffar Express Derails In Mastung After Deadly Track Explosion

QUETTA: Several passengers were injured when three carriages of the Jaffar Express derailed in Mastung's Dasht area on Tuesday following an explosion on the railway track, officials said.

According to railway authorities, one carriage overturned while two others came off the track. The train was travelling from Peshawar to Quetta at the time of the incident.

Rescue sources confirmed that ambulances had been dispatched from Quetta to Dasht to transport the injured to hospitals. Levies officials said multiple passengers sustained injuries in the accident.

This is not the first time the train service has been attacked.

Earlier in June, five bogies of Jaffar Express derailed after a blast took place on a railway track near Jacobabad. The train was en route from Peshawar to Quetta.The explosion damaged the railway line, disrupting train services in the area, however, no casualties were reported, they added.

On March 11, the outlawed Balochistan Liberation Army (BLA) militants blew up train tracks and assaulted the Jaffar Express, holding over 440 passengers hostage in a day-long standoff with security services in a remote mountain pass in the Bolan district.The military, after clearing the train and rescuing hostages, killed 33 attackers.—RT/Agency

Pakistan To Launch 5G Services In Coming Months, Vows IT Minister

KARACHI: Federal Minister for Information Technology and Telecommunication Shaza Fatima Khawaja on Tuesday announced that Pakistan will introduce 5G services within the coming months, with the initial launch planned in seven major cities.

The promise of 5G internet, however, comes after the Pakistan Telecommunication Authority (PTA) in its annual report for 2024 stated that even with rising broadband penetration, Pakistan will have a difficult transition to 5G, The News reported last year in December.

There are worries over the financial difficulties associated with Pakistan's transition to 5G wireless technology, even as the country's use and penetration of wireless telecommunication services, such as broadband and mobile, continue to grow.

Addressing the inauguration ceremony of the 26th ITCN Asia Expo at Expo Centre Karachi today, she noted that measures were also being taken to ensure more reliable internet access nationwide.—RT/Agency

Dar Urges OIC And UN To Intensify Action For Palestine And Muslim World

Deputy Prime Minister and Foreign Minister Ishaq Dar has reaffirmed Pakistan's unwavering support for the Palestinian cause during a high-level meeting of the Organization of Islamic Cooperation (OIC) and an international conference co-hosted by Saudi Arabia and France in New York.Teachings of Holy Prophet (PBUH) highlighted

Addressing the OIC session, Ishaq Dar paid tribute to the teachings of the Holy Prophet Muhammad (peace be upon him), emphasizing peace, justice, mercy, and tolerance.He underscored that the Prophet's (PBUH) teachings align with the principles of the United Nations Charter, noting that historic events such as the Covenant of Medina, the Treaty of Hudaibiyah, and the Conquest of Makkah served as guiding examples for international law and interfaith harmony. He called these historic events a beacon for international relations in today's era.

Dar warned that injustices, including Israeli atrocities in Palestine, the situation in Kashmir, and rising Islamophobia, threaten global peace. He called on the OIC to intensify efforts to protect the rights of the Muslim Ummah and stressed the need for the Prophet's message of mercy and compassion to be transformed into actionable policies.—RT/Agency

Karachi Family Storms Software House, Gunfire Erupts in Daring Rescue

KARACHI: In a dramatic scene straight out of a thriller, a family in Gulshan-e-Iqbal stormed a software house to rescue their daughter allegedly held in captivity.

According to police, the young call center employee phoned her family after being harassed and confined inside the office. Her desperate plea prompted relatives to rush to the spot, where a violent clash broke out with the owners. The confrontation escalated into an exchange of gunfire, sending panic across the neighborhood.

Fortunately, no one was injured. Police intervened swiftly, safely recovered the girl, and arrested four suspects, including the software house owners.

An FIR has been registered on the complaint of the victim's father. Investigations are underway into the shocking incident that has rattled Karachi.-RT
